**Re: Vectren Energy Delivery of Ohio, Inc.
OPSB Case No. 13-1651-GA-BTX**

Dear Ms. McNeal:

On March 17, 2014, the Ohio Power Siting Board ("Board") issued a Certificate of Environmental Compatibility and Public Need subject to a number of conditions.

Condition No. 17 of the Board's Order requires the following:

Vectren shall have a Staff-approved environmental specialist on site during construction activities that may affect sensitive areas, as mutually agreed upon between the Applicant and Staff, and as shown on the Applicant's final approved construction plan. Sensitive areas include, but are not limited to, areas of vegetation clearing, designated wetlands and streams, and locations of threatened or endangered species or their identified habitat. The environmental specialist shall be familiar with water quality protection issues and potential threatened or endangered species of plants and animals that may be encountered during project construction.

In compliance with Condition No. 17 of the Board's Opinion, Order, and Certificate, attached for filing is a memo dated October 9, 2014, from Ms. Stahl to the Board's Staff regarding the removal of the temporary stream crossing for stream #5.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Sally W. Bloomfield

MEMORANDUM

To: Ed Steele
From: Melinda Stahl
Date: October 9, 2014
Subject: Temporary Stream #5 Temporary Crossing: Vectren's Z-167 Relocation Project
OPSB # 13-1651-GA-BTX - Condition #17 Notification

Ed,

This memo is to notify the Staff that Vectren has removed the temporary stream crossing installed for stream #5 on the Z-167 Relocation Project, OPSB Case No. 13-1651-GA-BTX. The riparian zone has been restored and storm water control devices have been installed. This area will continue to be monitored as part of Vectren's stormwater pollution prevention plan for the project.

Please contact me if you have any questions or need additional information.

Sincerely,

Melinda Stahl
