RE: Commencement of Construction Activities
Oregon Clean Energy, LLC
Case number 12-2959-EL-BGN

Dear Mr. Martin:

Staff attended your October 8, 2014 preconstruction conference for the above-referenced project. At the conference, construction-related issues were satisfactorily addressed. In addition, Staff has reviewed the complaint resolution procedure, detailed engineering drawings, cultural resources mitigation plan, Interconnection Service Agreement, emergency response plan, traffic plan, Spill Prevention, Control and Countermeasure Plan, and the additional required permits.

Staff concludes that Oregon Clean Energy, LLC has complied with all certificate conditions necessary to commence construction of the project. Please notify the Board when construction is completed.

Sincerely,

A handwritten signature in black ink, appearing to read "P. Donlon", with a long horizontal stroke extending to the right.

Patrick Donlon
Interim Executive Director
Ohio Power Siting Board
