Scioto Ridge Wind Farm Substation, Case No. 13-1767-EL-BSB
Scioto Ridge Wind Farm Transmission Line, Case No. 13-1768-EL-BTX

Mr. Swonguer,

Thank you for contacting the Ohio Power Siting Board regarding the Scioto Ridge Wind Farm, Substation, and Transmission Line. Your correspondence will be docketed in the respective case numbers for each project.

The Board authorized construction of the Scioto Ridge projects on March 17, 2014. On May 19, 2014, the Board denied an application for rehearing filed in the case by Mr. Joseph Grant. On July 15, 2014, Mr. Grant filed a notice of appeal of the Board's decisions to the Ohio Supreme Court.

Additional information regarding the Scioto Ridge projects is available on the Board's website at www.OPSB.ohio.gov. If you have any additional questions, please contact me at (866) 270-6772.

Sincerely,

Matt Butler

Public Need for a 345kV Transmission Line in Hardin
County

Case No. 13-1768-EL-BTX

Mr. Chairman and Members of the Ohio Power Siting Board:

I write to inform you of my opposition to the proposed Scioto Ridge Wind Farm project to be sited in Logan County and Hardin County. I am a resident of Logan County and live in close proximity to Indian Lake and the Indian Lake State Park. I believe that the installation of the wind turbines will have a negative impact on my community. Please reconsider your decision to locate the Scioto Ridge Wind Farm so close to Indian Lake.

Additional comments:

*I have a home at Indian Lake a
state owned lake & recreational area in
proximity to a planned wind farm. The wind
farm should be kept at least 10 miles
from Indian Lake. Indian Lake area will
receive no electrical benefit & the businesses
in the area will take a hit because vacationers will
not be as many and our home values will
go down.*

Sincerely,

Michael D. Swonger
