Re: TRF Docket No. 90-5034-TP-TRF

Please find attached for filing, on behalf of the Ottoville Mutual Telephone Company, a replacement application and Exhibits to the original filed on October 22, 2014.

The original was mistakenly filed under both TRF Docket No. 90-5034-TP-TRF and Case No. 14-1868-TP-TRF and should only have been filed under TRF Docket No. 90-5034-TP-TRF.

If you have any questions regarding this filing, please contact me @ (419) 453-3324.

Thank you for your assistance.

Sincerely,

Narrative Summarizing Change(s)

In the recent FCC USF/ICC Reform Order, the FCC stated that they want to avoid situations where some consumers are subsidizing the cost of service for those that pay local service rates that are significantly lower than the national urban average. The FCC will therefore limit high cost loop support where local end-user rates do not meet an urban rate floor. In order to continue receiving full high cost loop support, The Ottoville Mutual Telephone Company is required to have local rates that are comparable to the national urban average.
