BEFORE

THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Application of)	
The Dayton Power and Light Company)	Case No. 14-1668-EL-RDR
to Update its Economic Development)	Case No. 14-1000-EL-NDK
Rider.)	

FINDING AND ORDER

The Commission finds:

- (1) The Dayton Power and Light Company (DP&L) is a public utility as defined in R.C. 4905.02, and an electric distribution utility as defined in R.C 4928.01(A)(6), and, as such, is subject to the jurisdiction of this Commission.
- (2) On September 30, 2014, DP&L filed an application to update its Economic Development Rider (EDR), pursuant to R.C. 4905.31(E) and Ohio Adm.Code 4901:1-38-08. In its application, DP&L seeks recovery of costs resulting from Commission approved reasonable arrangements with Caterpillar, Inc. and Wright-Patterson Air Force Base. In re The Dayton Power and Light Company, Case No. 10-734-EL-AEC, Opinion and Order (April 5, 2011); In re The Dayton Power and Light Company, Case No. 11-1163-EL-AEC, Opinion and Order (Dec. 11, 2013). DP&L requests that the updated rates be made effective on a bills-rendered basis by the first billing cycle in November 2014.
- On October 20, 2014, Staff filed its Staff Review and (3) Recommendations in regard to the application of DP&L to update its EDR. Staff found that the proposed EDR charges reflect the current and projected costs resulting from the reasonable arrangements approved by the Commission. Staff further found that the proposed charges are expected provide recovery to approximately \$6.6 million in costs over the next six months, which results in an increase to current rates beginning in November 2014. The proposed rates include

14-1668-EL-RDR -2-

projected costs of approximately \$3.9 million and approximately \$2.7 million in under recovered costs. Additionally, Staff requests the Commission to direct DP&L to file future EDR applications at least 45 days prior to the proposed effective date of the proposed rates. Staff recommends approval of DP&L's application to update its EDR.

(4) The Commission finds that DP&L's application to update its EDR is consistent with R.C. 4905.31(E), and Ohio Adm.Code 4901:1-38-08, does not appear to be unjust or unreasonable, and should be accepted. Further, the Commission finds that DP&L should file future proposed EDR updates within 45 days of the requested effective date of the rider. Finally, the Commission finds that it is unnecessary to hold a hearing in this matter. The Commission finds that DP&L's updated EDR rider should become effective on November 1, 2014.

It is, therefore,

ORDERED, That DP&L's application to update its EDR be accepted in accordance with Finding (4). It is, further,

ORDERED, That DP&L file in final form four complete copies of tariffs consistent with this Finding and Order. One copy shall be filed with this case docket, one shall be filed with DP&L's TRF docket, and the remaining two copies shall be designated for distribution to the Rates and Tariffs Division of the Commission's Utilities Department. The Applicant shall also update their respective tariffs previously filed electronically with the Commission's Docketing Division. It is, further,

ORDERED, That DP&L shall notify all effected customers via a bill message or via a bill insert within 30 days of the effective date of the tariffs. A copy of the customer notice shall be submitted to the Commission's Service Monitoring and Enforcement Department, Reliability and Service Analysis Division. It is, further,

ORDERED, That nothing in this Finding and Order shall be binding upon this Commission in any future proceeding or investigation involving the justness or reasonableness of any rate, charge, rules, or regulation. It is, further,

14-1668-EL-RDR -3-

ORDERED, That a copy of this Finding and Order be served upon all parties of record.
