Attention Case No. 14-0841-EL-SSO

180 East Broad Street

Columbus, Oh 43215

Dear Sir,

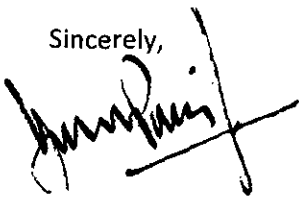

I have been made aware of DUKE ENERGY's push for "Customers to Pay for their OLD CAOL Plants update" proposed by federal regulation. **I AM TOTALLY OPPOSED TO THIS PLOY BY DUKE ENEGRY. For the following reasons:**

- Duke Energy and their share holders have enjoyed the benefits of CHEAP coal and profits from the use of Coal. While doing that they have polluted the air in greater Cincinnati Area and citizens of Ohio have paid price with their health.
- Duke Energy and its shareholders can invest their profits in CLEAN ENERGY sources and improve air quality in OHIO. If they are smart and invest in renewable energy, eventually their profits will go up and at the same time we will breathe clean air.
- For a person like me, who is retired and living on FIXED INCOME, any bailout by Government will increase Taxes for my family, It's about time these corporations stop DEPENDING ON GOVERNMENT HAND OUTS and run the corporations like us, citizens who balance their financial affairs without begging for A BAIL OUT.
- I can give you many more reasons why this bail out is unfair, unwarranted and not DEMOCRATIC.
- PLEASE REJECT THIS REQUEST BY DUKE ENERGY, and support OHIO CITIZENS AND THEIR HEALTH by making DUKE to pay for their profits.

IF you need more discussion, Please contact me at my home address.

Thanking you for your consideration

Sincerely,

VIJAY C. PARIKH.
