**SUPPLEMENT TO
ANNUAL DEFERRAL REPORT OF
COLUMBIA GAS OF OHIO, INC.**

On December 10, 2014, Columbia Gas of Ohio, Inc. ("Columbia") filed its Annual Deferral Report in this docket. Columbia has discovered that it inadvertently omitted expenses related to the Lorain project described in the Annual Report. Columbia therefore files this Supplement to its Annual Report in order to correct this inadvertent omission. Inclusion of the Lorain expenses increases by \$1,473 the amount of the deferral for the twelve months ended November 30, 2014.

Columbia's projects and costs are described in the following attachments to the Annual Report (highlighted to show the changes being made by this Supplement):

- Attachment 1 — Marion project description
- Attachment 2 — Marion cost detail
- Attachment 3 — Bellevue project description
- Attachment 4 — Bellevue cost detail
- Attachment 5 — Grandview Heights/Goodale project description
- Attachment 6 — Toledo (Swan Creek) project description
- Attachment 7 — Fremont project description
- Attachment 8 — Fremont cost detail
- Attachment 9 — Fostoria project description
- Attachment 10 — Fostoria cost detail
- Attachment 11 — Athens project description

Attachment 12 — Athens cost detail
Attachment 13 — Portsmouth project description
Attachment 14 — Portsmouth cost detail
Attachment 15 — Lorain project description
Attachment 16 — Lorain cost detail
Attachment 15Z — Summary of Environmental Remediation Expenses

Attached to this Supplement are the following pages which should be added or substituted for the pages in the Annual Report as described below.

- In the Annual Report, the page following the sheet labeled "Attachment 15" should be deleted.
- The page attached hereto which is the Lorain project description is the new Attachment 15 and should be inserted to follow the sheet labeled "Attachment 15."
- Insert a new page, following Attachment 15, labeled "Attachment 16."
- Insert a new page following the sheet labeled "Attachment 16". This is Attachment 16, the Lorain cost detail.
- Insert a new page following Attachment 16, labeled "Attachment 17."
- Insert a new page following the sheet labeled Attachment 17. This is Attachment 17, the Summary of Environmental Remediation Expenses.

Respectfully Submitted,

Lorain

Description: In 2013 and 2014 Columbia authorized a history consultant firm to research corporate successors to the late nineteenth century and early twentieth century entities known to have been associated with the former MGP Site located in Lorain Ohio. In addition, Columbia asked that this review include a confirmation of site ownership, past operating practices, and available historic information to aid in future site evaluation. Columbia has reviewed its corporate history and has determined it is a successor to entities that owned and/or operated the Lorain MGP. Because MGPs are a recognized environmental condition, Columbia will be conducting additional investigations at this property in the future. An SEC required determination of an appropriate contingent environmental liability for the site was also developed.

During the most recent twelve -month period, ending in November 2014, limited activities were completed to finish the historic evaluation and update the contingent environmental liability. In the future, Columbia will conduct investigations consistent with Ohio VAP regulations and conduct community outreach and negotiate access as required.

Total Project Costs to Date: Total incremental costs incurred by Columbia during through November 2014, exclusive of the \$25,000 to be funded by Columbia, were \$1,473.00. None of this amount has been previously deferred. Attachment 16 sets forth a detailed breakdown of these expenses incurred during the period December 2013 through November 2014.
