Subject: 14-1754-GA-BLN

Mr. Cox,

This email is to acknowledge that your online comment form submission filed on 12/12/2014 3:57:44 PM has been docketed at <http://dis.puc.state.oh.us/DocumentRecord.aspx?DocID=6c6a4371-b846-4131-9a76-55e42eacc867>.

Senate Bill Number 315, passed by the 129th Ohio General Assembly, established an accelerated process for certain facilities subject to Ohio Power Siting Board review. These types of facilities include gas pipelines that, like the proposed Oregon Lateral Pipeline, are primarily needed to meet the requirements of a specific customer or specific customers. Under this process, an applicant is required to provide general information including alternatives considered and reasons why the proposed location or route is best suited for the proposed facility (see page 3 of the application at <http://dis.puc.state.oh.us/DocumentRecord.aspx?DocID=6c6a4371-b846-4131-9a76-55e42eacc867>). The applicant is not required to study a specified number of routes and must submit only one pipeline route for the Board's consideration.

Sincerely,

Matt Butler
Public Outreach Manager
Ohio Power Siting Board
Public Utilities Commission of Ohio
