Re: Erratum to Waiver Motion,
Case No. 14-2322-EL-BGN

Dear Honorable Greta See:

On January 22, 2015, Clean Energy Future-Lordstown, LLC (Applicant) filed an erratum to the motion for waivers it filed on December 24, 2014. In that erratum, the Applicant states that it inadvertently requested the Ohio Power Siting Board to permit it to submit the appropriate test borings four weeks prior to the Staff Report. The Applicant states that the request should have stated that it requested a waiver from certain requirements relating to a cross-sectional view and test borings set forth in Ohio Adm. Code 4906-13-04(A)(4). The Applicant goes on to request permission to submit the appropriate test borings prior to the pre-construction conference.

The Staff of the Ohio Power Siting Board (Staff) does not object to the requested waiver as corrected by the erratum, however, the Staff reserves the right to require information from the Applicant in areas covered by the requested waivers if Staff determines it to be necessary during the course of the investigation. The Staff also reserves the right to investigate and contest all other issues presented in the application.

Respectfully submitted,

/s/ Ryan P. O'Rourke
