**Re: Letter of Notification of Compliance for the Third Stage of  
Construction by Trishe Wind Ohio, LLC, Case No. 13-197-EL-BGN**

Dear Ms. McNeal:

The December 16, 2013 Opinion, Order, and Certificate approving Northwest Ohio Wind Energy, LLC's [now known as Trishe Wind Ohio, LLC ("Trishe")] Certificate of Environmental Compatibility and Public Need ("Certificate") and the October 1, 2013 Supplement to Amended Application ("Supplement") established a set of conditions and supplemental commitments as part of the Certificate.

Within this set of conditions and commitments, "**Certificate Condition No. 29**" requires that:

**The Applicant shall provide a copy of any floodplain permit required for construction of this project, or a copy of correspondence with the floodplain administrator showing that no permit is required, to Staff within seven days of issuance or receipt by the Applicant.**

This letter is to inform the OPSB Staff that Trishe is in compliance with the above-mentioned commitment. Paulding County does not require permitting for temporary floodplain crossings. Additionally, no permit is required to clear vegetation within the floodplain. However, debris must be disposed of outside of the floodplain. Trishe will abide by the disposal requirement. Accordingly, no floodplain permit is required for the proposed tree clearing activities.

If you have any questions please call at the number listed above.

Sincerely,

Sally W. Bloomfield
