RECEIVED-DOCKETING DIV

3-4-15

Hi,

2015 MAR -9 PM 1:20

My name is Liz Burkhardt and I'm
PUCO

writing you to urge you not to allow

Duke Energy to continue running out-of-date

technology in their aging power plants. I

live on the Ohio River, and I don't

appreciate oil spills and environmental hazards

up the river from me. If you give them

~~more~~ the authorization to continue using old power

plants, it will cost consumers even more in the

long run. Please! Do the right thing!

Thank you.

Liz Burkhardt

To: PUBLIC UTILITIES COMMISSION OF OHIO :

RE: Case number 14-0841 EL-SSO (DUKE ENERGY)

PLEASE DENY THE RATE INCREASE REFERRED TO
IN THE CASE NUMBER ABOVE. I AM STRONGLY
AGAINST BAILING OUT OLD, POLLUTING POWER PLANTS.
WE SHOULD INSTEAD BE INVESTING MORE IN
EFFICIENCY AND RENEWABLE ENERGY.

SINCERELY YOURS,

ISHI BUFFAM

Public Utilities Commission of Ohio,

I do not believe in "bailouts" of companies when there are other ways to correct the problem. In today's market there has to be a better, less toxic way for energy.

Please consider ways that will save our electric bills from going sky high and not accomplishing a healthier utility plant.

Case number 14-0841EL-SSO

Sincerely, Lorraine Finke
