Re: Duke Energy 14-0841EL-SSD

PUCO:

Since today is St. Patrick's Day and my thoughts are turned to green, it seems like a fine day to share my thoughts on Duke's "anti-green" coal plants.

As a business owner for the past 30 years (Health Service Review) and a home owner, I am disgusted that we continue to shore up old, dirty coal plants that are incredibly inefficient. I don't want my money to subsidize these polluters.

Quit delaying the inevitable and make sure Duke (and others) start embracing natural gas and other alternative energies.

Sincerely,

Jim Barker
