

BEFORE

THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Annual Reports for)
Fiscal Assessment of all Regulated Entities) Case No. 15-01-AU-RPT
for Calendar Year 2014.)

ENTRY

The Commission finds:

- (1) R.C. 4905.10 provides an annual assessment based upon the intrastate gross earnings of each railroad and public utility for the purpose of maintaining the operations of this Commission. In order to calculate such assessment, R.C. 4905.14 requires every public utility to file an annual report at the time and in the form prescribed by the Commission. R.C. 4905.02 defines the term "public utility" to include every corporation, company, person, or certain other entities as defined in R.C. 4905.03, but excludes certain municipal utilities, cooperatives, and telecommunications service providers. R.C. 4905.03(A) defines public utility companies to include telephone companies, electric light companies (except regional transmission organizations), heating or cooling companies, natural gas distribution companies, pipeline companies, water-works and sewage disposal system companies. R.C. 4907.20 requires a railroad company to complete forms submitted to it by the Commission. R.C. 4907.02 defines railroad companies to include bridge and water transportation companies engaged in the conveyance of persons or property within this state.
- (2) R.C. 4928.06 requires every certified competitive retail electric service (CRES) provider and governmental aggregator subject to certification under R.C. 4928.08 to file an annual report of sales and receipts for those services for which it is subject to certification. R.C. 4929.23 requires every certified retail natural gas (CRNG) supplier and governmental aggregator under R.C. 4929.20 to file an annual report of sales and receipts for those services for which it is subject to certification. R.C. 4905.10(D) provides that, for the purpose of annual assessment, "public utility" includes not only electric utilities as defined in R.C. 4928.01, and natural gas companies as defined in R.C. 4929.01,

but also CRES and CRNG suppliers subject to certification under R.C. 4928.08 and 4929.20, respectively.

- (3) R.C. 4905.54 empowers the Commission to assess a forfeiture of not more than \$10,000 per day for each violation or failure of a public utility or railroad, or an officer of a public utility or railroad, to comply with an order, direction, or requirement of the Commission made under authority of R.C. Chapter 4905.
- (4) On January 28, 2015, the Commission issued an Entry directing all reporting entities to file its 2014 annual report using the new on-line filing system by April 30, 2015, or file for an automatic 30-day extension in this docket. All reporting companies are reminded that a \$1,000 civil forfeiture, pursuant to R.C. 4905.54, may be assessed against any company that fails to comply by the April 30, 2015 deadline, absent good cause shown. Such an assessment would be in addition to any amounts owed to this Commission or the Ohio Consumers' Counsel (OCC). All certified suppliers are reminded that, in addition to the annual April 30th deadline for the filing of fiscal annual reports, all CRES and CRNGS provider certificates must be renewed every two years, in accordance with R.C. 4928.08(C) and 4929.20(B), and Ohio Adm.Code 4901:1-24-09 and 4901:1-27-09.
- (5) The records of the OCC and the Commission reflect that each company listed on the attachment to this Entry has failed to pay the listed annual fiscal assessment to either the OCC and/or the Commission for 2014. Each company is granted until April 30, 2015, to pay such assessment(s), or show cause why its certificate or operating authority should not be revoked, by filing notice of such payment(s) or a response in this docket. Any assessments unpaid after such date may be assigned to the Attorney General for collection.

It is, therefore,

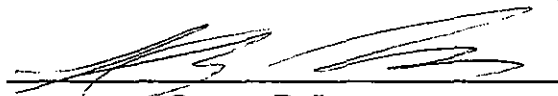

ORDERED, That each company listed on the attachment to this Entry pay the indicated 2014 assessment(s), or show cause why its certificate should not be revoked, by filing notice of such payment or other response by April 30, 2015. It is, further,

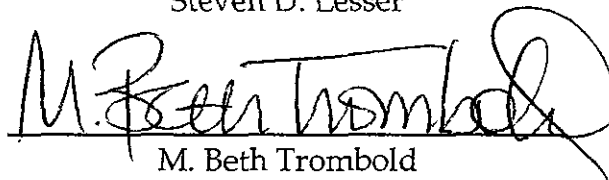

ORDERED, That notice of this Entry be served via the Electric-Energy, Gas-Pipeline, Railroad, Telephone, and Water industry listserves. It is, further,

ORDERED, That a copy of this Entry be served upon each company listed on the attachment to this Entry by certified and regular mail in addition to any electronic mail service.
