CASE\_NUMBER: 13-0990-EL-BGN

COMMENTS: My Concerns of your set backs that inter fear with our family's Property. We will not allow Wind lab / Greenwich wind park. to tell us on our on property that we cannot build . Where we want. Our property is between 2 of the proposed turbines. we are against them being put near our property lines and also, We pay the Taxes on It. Our neighbors do not. It's not in their name. They Have no right to ask us .to give up part of our land, So they Can make money off our loss of rights as Property owners. We will have to change our land deed. so if one day we sell the property. Who ever buys the land. Will have to know they can not build with in the throw of the Turbine. and our property will be tied up with these things for up to 60 years. Get real you can not allow these Turbines to come to our small Twp.We The People Of Greenwich Twp. Do Not Want Them Here ( Only the people who will make the money off them want them here).. So, Please hear our voice on this subject. Elections are coming soon and the people will start being heard.... Loudly... Get green some where else.. You Need open spaces for the Wind Turbines ... Not this Small Township. I just know if you allow these Turbines. Lawsuits will becoming right after.
