Re: Case No. 15-795-EL-RDR, In the Matter of the Application of Duke Energy Ohio, Inc., to Update Its Distribution Capital Investment Rider

Dear Ms. McNeal:

Pursuant to the Public Utilities Commission of Ohio's (Commission) Opinion and Order in Case No. 14-841-EL-SSO, Duke Energy Ohio, Inc., submits herein the required schedules and tariff pages related to initiation of its Distribution Capital Investment Rider (Rider DCI).

As part of the approval of Rider DCI, the Commission ordered that quarterly filings be made, with such filings automatically approved. The Commission further ordered that Rider DCI be audited annually with the August quarterly filing. Consistent therewith, the initial Rider DCI rate will be implemented with the first billing cycle of July 2015. The proposed initial Rider DCI rate is based on investment data from the FERC Form 3Q and Form 1, for the first quarter of 2015 and is supported by two attachments. Attachment A is the proposed tariff sheet reflecting the revised Rider DCI rate and Attachment B contains the schedules and workpapers supporting the calculation of the proposed Rider DCI rate. The attached schedules demonstrate that the revenue requirement is below the permitted cap for 2015 for this first quarter.

Should you have any questions please feel free to contact me.

Respectfully submitted,

Amy B. Spiller
