Re: NTE Ohio, LLC, OPSB Case No. 14-534-EL-BGN

Dear Ms. McNeal:

The November 24, 2014, Opinion, Order, and Certificate ("Certificate") approving NTE Ohio, LLC ("NTE") Certificate of Environmental Compatibility and Public Need to Construct the Middletown Energy Center established a set of conditions as part of the Certificate.

Within this set of conditions, **Condition No. 14** requires that:

Construction in upland sandpiper preferred nesting habitat types shall be avoided during the species' nesting period of April 15 to July 31.

This letter will confirm that there are no sandpiper habitats on the project area. After a pre-construction meeting held on April 6, 2015, beginning on April 8, 2015, Applicant spread gravel on potential sandpiper nesting sites which work was completed on April 14, 2015.

Thus Applicant has satisfied Condition No. 14. If you have any questions please call at the number listed above.

Sincerely,

Sally W. Bloomfield
