2. REGULATIONS

2.01. UNDERTAKING OF THE TELEPHONE COMPANY

2.01.01. Scope

Subject to the provisions of this tariff, OAC Chapter 4901:1-3 of the Administrative Code and an executed Pole Attachment and Conduit Occupancy Licensing Agreement, the Telephone Company may authorize the attachment of a licensee's facilities to a pole, pedestal, or anchor, the utilization of an anchor and its associated guy strand or the placement of a licensee's facilities in a conduit system for any lawful communications purpose.

2.01.02. Limitations

2.01.02.01. No use, however extended, of a pole, anchor, anchor and associated guy strand or conduit system or payment of any charges required under this tariff shall create or vest in the licensee any ownership or property rights in such pole, pedestal, anchor, guy strand or conduit system.

2.01.02.02. Nothing contained in this tariff shall be construed to compel the Telephone Company to construct, reconstruct, retain, extend, repair, place, replace or maintain a pole, pedestal, anchor, guy strand, conduit or other facilities for use by a licensee that is not needed for the Telephone Company's own service requirements.

2.01.02.03. Nothing contained in this tariff shall be construed as a limitation, restriction, or prohibition against the Telephone Company with respect to any agreement and arrangement which the Telephone Company has heretofore entered into, or may in the future enter into, with others not covered by this tariff regarding the pole, pedestals, anchors, guy strands and conduit systems covered by this tariff. The rights of the licensee shall at all times be subject to any such existing and future agreement or arrangement.

2.01.03. Liability

2.01.03.01. The Telephone Company reserves to itself the right to locate and maintain its poles, pedestals, anchors, guy strands and conduit systems and operate its facilities in conjunction therewith in such a manner as will best enable it to fulfill its owner service requirements.

2. REGULATIONS

2.01. UNDERTAKING OF THE TELEPHONE COMPANY

2.01.03. Liability - Continued

The Telephone Company shall not be liable to the licensee for any interruption of licensee's service: for interference with the operation of the licensee's facilities: for any special, indirect, or consequential damages arising any manner, except in situations caused by, or arising out of the negligence of the Telephone Company, out of use by the licensee's facilities of a pole, pedestal, anchor guy strand, or conduit system or the Telephone Company's actions or omissions in regard thereto and licensee shall indemnify and save harmless the Telephone Company from and against any and all claims, demands, causes of action, costs and attorneys fees of whatever kind resulting therefrom.

2.01.03.02. 2.02.01. Legal Requirements

2.02.01.01. 2.02.01.03. No authorization granted under this tariff shall extend to any pole, pedestal, anchor, guy strand or portion of a conduit system where the attachment or placement of licensee's facilities would result in a forfeiture of the rights of the Telephone Company or joint users to occupy the property on which such poles, pedestals, anchors, or conduit system are located. If the existence of licensee's facilities on a pole, pedestal, anchor, guy strand on in a conduit system would cause a forfeiture of the right of the Telephone Company of joint user, or both to occupy such property, licensee agrees to remove its facilities forthwith upon receipt of written notification from the Telephone Company. If the licensee has not completed such removal within sixty (60) days of receipt of such written notification the Telephone Company may perform and/or have performed such removal without liability on the part of the Telephone Company and licensee agrees to pay the Telephone Company or joint user or both, the cost thereof and for all losses and damages that may result.

The licensee will further indemnify the Telephone Company from subsequent taxes and fees that may be levied by municipalities or other governmental entities and related to or arising from the presence of the licensee's attachments on the Telephone Company's poles and/or in the Telephone Company's conduits, including but not limited to taxes or fees related to use of public rights-of-way. 2.02.02.03. Without limiting any of the foregoing, the licensee assumes all risk of, and agrees to relieve the Telephone Company of any and all liability for, loss or damage (and the consequences of loss or damage) to any attachments placed on the Telephone Company's poles and/or in the Telephone Company's conduits and any other financial loss sustained by the licensee, whether caused by fire, extended coverage perils, or other casualty.

2.02.02.06. In no way shall either Party be liable to the other Party for any special, consequential, incidental, punitive, or indirect damages (including, without limitation, lost revenues and lost profits) arising out of the license agreement or any obligation arising under the license agreement, whether by virtue of any statute, in contract or in tort or otherwise, regardless of the theory of liability upon which any such claim may be based.

2.02.02.07.
