for Commission Determination Pursuant to Ohio Revised Code  
Section 4927.12(C)(3)*  
PUCO Case Nos. 15-0922-TP-BLS; 90-5045-TP-TRF

Dear Ms. McNeal:

This letter replaces information contained in the application filed in the above-referenced cases on May 21, 2015. I am enclosing the original and two copies of: (1) new tariff pages to replace those included in Exhibit B; and (2) new alternative provider maps for the Peninsula and Thompson Exchanges to replace those included in Exhibit E2. Please time-stamp and return the additional copies of the documents to our courier.

Thank you for your assistance.

Very truly yours,

BAILEY CAVALIERI LLC

S7. LOCAL ACCESS LINE SERVICE

S7.5 MONTHLY RATES FOR BASIC LOCAL EXCHANGE SERVICE

Price Flexibility

All of the Company's exchanges have been deemed competitive and have been accorded the pricing flexibility defined in 4901:6-14 (C) O.A.C. which caps BLES monthly rates at annual increases of no more than \$1.25 per line. The annual period is defined to begin on the anniversary date of this approval, which became effective June 20, 2015. For detailed exchange specific information, please see Section 7, Sheet Nos. 7.1 → 7.2.

(C)  
|  
(C)

For the purposes of determining exchange service monthly access line rates, exchanges are classified in rate groups according to the total main telephones in a local calling area. The local calling area is the area within which customers make calls without the payment of message toll charges and may include one or more exchange areas.

Our coverage maps provide high-level estimates of our coverage areas when using your device outdoors under optimal conditions. Coverage isn't available everywhere. Estimating wireless coverage and signal strength is not an exact science.

There are gaps in coverage within our estimated coverage areas that, along with other factors both within and beyond our control (network problems, software, signal strength, your wireless device, structures, buildings, weather, geography, topography, etc.), will result in dropped and blocked connections, slower data speeds, or otherwise impact the quality of services.

Services that rely on location information, such as E911 and GPS navigation, depend on your device's ability to acquire satellite signals (typically not available indoors) and network coverage. E911 services also depend on local emergency service provider systems/support. Estimated future coverage subject to change.

#### Share Everything, Nationwide Calling Plans, Mobile Broadband and Prepaid.

Voice roaming charges will apply in the Canada and Mexico coverage areas unless you subscribe to the Share Everything or Nationwide Plus Canada/Mexico Plan.

These Coverage Locator maps depict predicted and approximate wireless coverage. The coverage areas shown do not guarantee service availability, and may include locations with limited or no coverage. Even within a coverage area, there are many factors, including customer's equipment, terrain, proximity to buildings, foliage, and weather that may impact service. Some of the Coverage Areas include networks run by other carriers, the coverage depicted is based on their information and public sources, and we cannot ensure its accuracy.
