D. APPLICANT TECHNICAL CAPABILITY

D-1 Exhibit D-1 “Operations,”

I help new and existing customers procure energy through our network of third party suppliers. We help them understand the market trends, match them with the supplier that best suits their needs to help them create the best opportunity to save on their energy needs. We send them contracts to sign, help them with renewals, and help them with any questions or concerns that need to be addressed to have a smooth transition between contractual obligations with the suppliers or utilities.

D-2 Exhibit D-2 “Operations Expertise,”

I have worked in the energy industry since 2010. I have worked for a third party supplier for over 3 years in Ohio and I have been licensed in Ohio for the last 2 years, serving hundreds of residential, retail, commercial, and industrial customers in all utilities throughout the state. I have solicited, networked, organized, and managed accounts, handled contracts, procured pricing, dealt with billing questions, inquiries, complaints, and renewals.

All contractual agreements, billing, inquiries, and complaints will be handled directly by the third party suppliers or utilities unless otherwise needed but with our supervision as we will be acting as a broker.

D-3 Exhibit D-3 “Key Technical Personnel,”

As of now, I currently hold all key positions and handle and oversee all key operational aspects of our business. I will be acting as a broker and all the contracts, billing issues, inquiries, and/or complaints that are handled by the third party suppliers with my overall supervision.
