Commencement of Construction

Case Numbers: 12-2959-EL-BGN, 14-1396-EL-BGA, and 15-0853-EL-BGA

Dear Mr. Rigney:

Staff attended your April 29, 2015, preconstruction conference for the above referenced project. At the conference, construction-related issues were satisfactorily addressed. In addition, Staff has reviewed the applicable materials.

Staff believes that the Board's conditions related to switchyard construction have been adequately addressed. As such, construction of the switchyard facility may commence.

Please notify the Board before construction activities start and when construction is complete.

Please also note that Staff will periodically be on-site throughout construction of this project, and will check in with your office prior to entering portions of the site.

If you have any questions regarding the above, please contact me or Grant Zeto at (614) 644-7743.

Sincerely,

Ray Strom, Chief
Siting, Efficiency, & Renewable Energy Division
Ohio Power Siting Board
614-466-7707
