Fellow Commission,

As ordered by the Ohio Public Utilities Commission, TriEagle Energy, LP has filed its 2014 Annual Report. This filing was filed today which means it was filed after the April 30th deadline. On behalf of the company, I would like to explain and apologize for the delayed filing. On April 18, 2015 our Regulatory Analyst, Lindsey Lockhart, left her position with TriEagle Energy and did not follow through with the filing condition. Due to this being unexpected, the filing became an unfortunate administrative oversight. We were not aware of the filing until Mrs. Troupe called our customer care line regarding the concern. Since the call, we have now filed accordingly. We assure you this was a onetime occurrence and will not occur again. We also request you consider waiving the \$1000 penalty.

As the new Regulatory Analyst for TriEagle Energy, LP, I also request Mrs. Lockhart (llockhart@trieagleenergy.com) be removed from future filing updates and communication. If a separate process is required to have our contacts updated, please reply with such instructions.

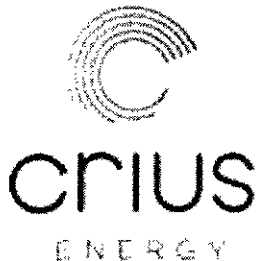

I thank you for your time and consideration in this matter.

Respectfully,

Laura Arriaga
