Dear Mr. Donlon and Ms. McNeal:

Vectren Energy Delivery of Ohio ("Vectren") is planning a replacement pipeline project, entitled the Z-50E 24-inch Oak Lawn Replacement Project, which is approximately 2,740 feet long and would replace an existing 18-inch pipeline with a 24-inch steel pipeline externally coated with 14-16 mils of fusion bonded epoxy coating and cathodically protected. The Z-50E Oak Lawn Replacement Project is located in the City of Fairborn, Green County, Ohio.

Construction of the replacement pipeline will begin October 1, 2015 and the estimated completion date is December 1, 2015.

Vectren will submit payment of \$2,000 in accordance with Ohio Administrative Code Rule 4906-5-11(I) so that the Construction Notice will be considered on an expedited basis. If you have any questions please call at the number listed above.

Sincerely,

Sally W. Bloomfield
