COMMENTS: Please Do not allow the Greenwich wind park to be built. We are a densely populated community. This is not the place for an industrial wind farm. It will devalue our properties and make the resale of our homes impossible. There is said to be many negative effects of having wind turbines close to people. They need to be placed wisely, not in the middle of highly populated community. These massive turbines do not belong among people. We should not be forced to suffer the consequences of having wind turbines placed so close to us. Consider our plea, do not allow this project to be approved. Thank you. Sarah Kilgore
