**Re: NTE Ohio, LLC, OPSB Case No. 14-534-EL-BGN**

Dear Ms. McNeal:

The November 24, 2014, Opinion, Order, and Certificate ("Certificate") approving NTE Ohio, LLC ("NTE") Certificate of Environmental Compatibility and Public Need to Construct the Middletown Energy Center established a set of conditions as part of the Certificate.

Within this set of conditions, Condition No. 19 requires that:

**Prior to the commencement of construction activities that require permits or authorizations by federal or state laws and regulations, Applicant shall obtain and comply with such permits or authorizations. Applicant shall provide copies of permits and authorizations, including all supporting documentation, to Staff within seven days of issuance or receipt by the Applicant. The Applicant shall provide a schedule of construction activities and acquisition of corresponding permits for each activity at the preconstruction conference.**

On March 11, 2015, NTE filed a copy of the Butler County Right-of-Way permit that was issued March 2, 2015 with an expiration date of August 9, 2015. Attached to this letter is a copy of the Butler County Right-of-Way Permit extending the expiration date to January 1, 2016.

If you have any questions please call at the number listed above.

Sincerely,

Sally W. Bloomfield
