To whom it may concern:

I am writing to you in regards to the First Energy Proposal (case# 14-1297-EL-SSO), hoping that you will deny the rate increase that has been requested. I care about reducing toxic pollution, but this proposal puts the burden on the backs of the taxpayers, benefitting the utility companies and its shareholders. Please do not put us in the position of being forced to buy our power from Ohio's dirtiest coal powered plants.

Sincerely,

Ingrid Weber
