Exhibit B-2 "Experience & Plans"

Provide a current description of the applicant's experience and plan for contracting with customers, providing contracted services, providing billing statements, and responding to customer inquiries and complaints in accordance with Commission rules adopted pursuant to Section 4929.22 of the Revised Code and contained in Chapter 4901:1-29 of the Ohio Administrative Code.

The applicant's parent company, IDT Energy, Inc. ("IDTE"), has been an active retail energy supplier since 2004, and currently serves more than 350,000 electric and natural gas meters in five states and in the District of Columbia. The applicant has only recently re-entered the New York and New Jersey utility markets, after a two-year hiatus, under the new ownership of IDTE, and with the new name, Residents Energy, LLC. The applicant has also recently entered the Pennsylvania market. As a wholly-owned subsidiary of IDTE, the applicant will leverage the considerable experience of IDTE's executive leadership team, and its dedicated back-office operations staff, as it develops its brand.

The plan is for the applicant to market its products to Ohio customers through a variety of channels including direct mail, internet advertising, and the use of both in-house and outside telemarketing and door-to-door marketing teams. Outside marketing vendors will be cautiously selected after a substantial vetting process. The individual sales agents hired by the vendors for door-to-door marketing will be subjected to criminal background checks. All sales agents will be required to be properly trained before they will be permitted to participate in any marketing campaigns on behalf of the applicant. Lists for telemarketing campaigns will be appropriately scrubbed against the "do-not-call" registry. Marketing activities of all outside vendors will be heavily monitored by an in-house Quality Assurance team and an inspector in the field. Misrepresentations or deceptive communications of the applicant's products and offers, or any similar violations of the Commission's rules, will not be tolerated.

The enrollment of Ohio customers will be done in accordance with the rules set forth in 4901:1-29-06. Door-to-door sales will be validated by third-party verifications made after the sales agent leaves the premises of the customer. Hard copies of the terms and conditions will be provided to the customer at the time of sale, or electronic copies when permitted. Telephonic enrollments will also be validated by third-party verifications and the written terms and conditions will sent to the customer thereafter. The applicant's website will be set-up to accept internet enrollments as well.

With respect to customer billing, the applicant does not intend to bill its customers directly. Rather, customers will be billed by their local utility companies, pursuant to Commission-approved tariffs, for both the utility's delivery charges and the applicant's supply charges. EDI communications between the applicant and the utilities will be handled by an outside, experienced EDI provider.

With respect to customer inquiries and complaints, the applicant will initially leverage the existing knowledgeable in-house Customer Service team of IDTE, based in IDTE's satellite facility in Jamestown, New York. There are currently more than forty representatives on staff

and they take calls from 7:30 am to 7:30 pm seven days per week. There are representatives on staff who are fluent in Spanish. Additional staff will be added as needed to accommodate growth. Every effort will be made to resolve all customer complaints in the most expeditious and amicable manner.

Exhibit B-3 "Summary of Experience"

Provide a concise and current summary of the applicant's experience in providing the service(s) for which it is seeking to be certified to provide (e.g. number and types of customers served, utility service areas, volume of gas supplied, etc.).

As described in Exhibit A-14, the applicant's initial experience is no longer relevant because the company is now under new ownership and leadership and has only recently re-entered the market after a hiatus of more than two years. Of greater relevance however, is the experience of IDT Energy, Inc. ("IDTE"), the applicant's parent company. IDTE has been an active participant in the retail energy marketplace for more than a decade. From its beginnings as a New York ESCO, IDTE expanded into gas and electric markets in New Jersey, Pennsylvania, Maryland, the District of Columbia and Illinois. Throughout, IDTE's customer base has been primarily residential and small commercial. As of the close of 2014, IDTE was servicing more than 234,000 electric meters and 129,000 gas meters. IDTE's leadership team intends to replicate many of the positive things it has learned over the last decade as it grows the applicant into a respectable market force in the Ohio electric and gas markets.

Exhibit B-4 "Disclosure of Liabilities and Investigations"

Provide a description of all existing, pending or past rulings, judgments, contingent liabilities, revocations of authority, regulatory investigations, or any other matter that could adversely impact the applicant's financial or operational status or ability to provide the services it is seeking to be certified to provide.

There are no existing, pending or past rulings, judgments, contingent liabilities, revocation of authority, regulatory investigations or other matters against, or relating directly to, the applicant. However, the applicant's parent company, IDT Energy, Inc. ("IDTE") has been involved in the following matters.

IDTE has been named as a defendant in three putative class action lawsuits. IDTE maintains that the lawsuits have no merit and is vigorously defending each of them. The three lawsuits are as follows:

McLaughlin v. IDT Energy, Inc. – US District Court EDNY- Case No: 14-cv-4107

Ferrare v. IDT Energy, Inc. – US District Court EDPA – Case No: 2:14-cv-04658-AB

Aks v. IDT Energy, Inc. – Superior Court of NJ - Docket No. L-04936-14

Pennsylvania PUC Docket No. M-2013-2314312

In 2013, the Bureau of Investigation and Enforcement (I&E) of the Pennsylvania Public Utility Commission (PAPUC) conducted an informal investigation into twenty-one consumer complaints against IDTE that had been brought to the PAPUC's Bureau of Consumer Services. All of the complaints related to marketing contacts initiated by IDTE's independent, third-party sales agents.

IDTE fully cooperated with I&E throughout the course of the investigation and the parties negotiated the terms of a settlement agreement. In the settlement agreement IDTE admitted no wrongdoing, but agreed to pay a civil settlement amount of \$39,000.00, to take certain corrective actions and revise its operating procedures, and to comply with additional reporting requirements during the following year.

The settlement agreement, with some modifications, was approved by the PAPUC in an order issued on October 17, 2013. The full text of the settlement agreement and the order can be accessed online at:

http://www.puc.state.pa.us/about_puc/consolidated_case_view.aspx?Docket=M-2013-2314312

Pennsylvania PUC Docket No. C-2014-2427657

In June 2014, in the wake of the much publicized winter "Polar Vortex" price spikes on the wholesale electric markets and the resultant increase in rates to customers on variable rate products, the Pennsylvania Attorney General's Office ("AG") and the Acting Consumer Advocate ("OCA") filed separate Joint Complaints against five energy suppliers who were

selling variable rate products in Pennsylvania, including IDTE. IDTE maintains that it did nothing illegal or inappropriate. Hearings in the matter commenced in February 2015. On August 4, 2015, the parties submitted a Joint Petition for Approval of Settlement to the Administrative Law Judges for their consideration and approval. A copy of the Petition can be viewed at <http://www.puc.state.pa.us/pcdocs/1375153.pdf>.

Exhibit C-1 “Annual Reports”

Provide the two most recent Annual Reports to Shareholders. If applicant does not have annual reports, the applicant should provide similar information in Exhibit C-1 or indicate that Exhibit C-1 is not applicable and why.

As a limited liability company (LLC), the applicant does not have shareholders and thus, no Annual Report to Shareholders. Furthermore, since the applicant has only been actively marketing for a few months, the applicant has nothing similar to an annual shareholder report to provide at this time.

Exhibit C-2 “SEC Filings”

Provide the most recent 10-K/8-K Filings with the SEC. If applicant does not have such filings, it may submit those of its parent company. If the applicant does not have such filings, then the applicant may indicate in Exhibit C-2 that the applicant is not required to file with the SEC and why.

The applicant is not a publicly traded company and is therefore not required to make SEC filings. The applicant's ultimate parent company, Genie Energy Ltd., is publicly traded on the NYSE and has more than \$150 million in assets. All of the financial information of the applicant is consolidated into Genie Energy Ltd.'s financial reports. The 10-K for 2014 can be accessed at <http://genie.com/investors/annual-reports/>.

Exhibit C-3 “Financial Statements”

Provide copies of the applicant's two most recent years of audited financial statements (balance sheet, income statement, and cash flow statement). If audited financial statements are not available, provide officer-certified financial statements. If the applicant has not been in business long enough to satisfy this requirement, it shall file audited or officer-certified financial statements covering the life of the business.

Documentation submitted in connection with this Exhibit will be filed under seal pursuant to Ohio Admin. Code 4901:1-27-08(A).

Exhibit C-4 “Financial Arrangements”

Provide copies of the applicant's current financial arrangements to conduct competitive retail natural gas service (CRNGS) as a business activity (e.g., guarantees, bank commitments, contractual arrangements, credit agreements, etc.).

Documentation submitted in connection with this Exhibit will be filed under seal pursuant to Ohio Admin. Code 4901:1-27-08(A).

Exhibit C-5 “Forecasted Financial Statements”

Provide two years of forecasted financial statements (balance sheet, income statement, and cash flow statement) for the applicant’s CRNGS operation, along with a list of assumptions, and the name, address, email address, and telephone number of the preparer.

Documentation submitted in connection with this Exhibit will be filed under seal pursuant to Ohio Admin. Code 4901:1-27-08(A).

Exhibit C-6 “Credit Rating”

Provide a statement disclosing the applicant’s credit rating as reported by two of the following organizations: Duff & Phelps, Dun and Bradstreet Information Services, Fitch IBCA, Moody’s Investors Service, Standard & Poors, or a similar organization. In instances where an applicant does not have its own credit ratings, it may substitute the credit ratings of a parent or affiliate organization, provided the applicant submits a statement signed by a principal officer of the applicant’s parent or affiliate organization that guarantees the obligations of the applicant.

Please see the attachment to Exhibit C-7.

Exhibit C-7 “Credit Report”

Provide a copy of the applicant's current credit report from Experian, Dun and Bradstreet or a similar organization.

Please see the attached.
