THE PUBLIC UTILITIES COMMISSION OF OHIO**

In the matter of the Application of)
Waterville Gas and Oil Company to Revise) Case No. 15-1551-GA-ATA
its Tariff to Comply with Ohio)
Administrative Code Rule 4901:1-13-02(J))

**AMENDED APPLICATION OF
WATERVILLE GAS AND OIL COMPANY**

On September 2, 2015, Waterville Gas and Oil Company (“Waterville” or “Company”) filed an application for approval to revise the language of certain portions of Waterville’s tariff sheets (“Application”). The Application proposed revisions in order to align the procedures and regulations of the Company with current minimum gas service standards. After review and in consultation with Public Utilities Commission of Ohio (“Commission”) Staff, Waterville respectfully submits this Amended Application in order to incorporate recommended Staff changes to the original Application.

Specifically, Waterville seeks to amend the following items in its original Application:

1. The withdrawal of the proposed, substantive changes to original Exhibit A, page 2 of 2, Section 5, Sheet No. 19, Paragraph 45 (a revised Exhibit A, page 2 of 2, is attached).

Waterville respectfully maintains its request for Commission approval of all other changes as proposed in its original Application.

WHEREFORE, Waterville Gas and Oil Company respectfully requests that the Public Utilities Commission approve its Application, as amended, to revise certain portions of the Company's tariff for compliance with Minimum Gas Service Standards.

Respectfully submitted,

/s/ Christopher J. Allwein

**RULES AND REGULATIONS GOVERNING THE DISTRIBUTION AND SALE OF NATURAL GAS IN
THE STATE OF OHIO**

SECTION 5 — GENERAL INFORMATION

43. **Subject to Commission Rules and Regulations.** These Rules, Regulations and Rates Governing the Distribution and Sale of Natural Gas are subject to and include as part thereof all orders, rules, and regulations applicable to the Company as issued or established from time to time by the Public Utilities Commission of Ohio under its emergency powers.
44. **Gas Supply Shortage and Curtailment.** The following classifications set forth the rules of the Company governing the curtailment of gas service to various classes of customers in the event of a gas shortage. The Company may curtail or discontinue gas service in accordance with this classification without incurring liability for any subsequent loss or damages that its customers may sustain through such curtailment or discontinuation.
- (a) **Class A Customers** shall include any service account where the use of natural gas is for space heating of a permanent residence or for use by a governmental agency or public service organization that provides emergency or life support services. Human needs customers shall include permanent residences, hospitals, nursing homes, residential correctional institutions, and motels and hotels. In the event of a shortage of gas, Class A customers shall have preference over Class B and Class C customers.
- (b). **Class B Customers** shall include any service account where the use is in schools, churches, and similar institutions, federal, state, county, municipal and public buildings, theaters, stores, restaurants, bakeries, and all types of commercial establishments. In the event of a shortage of gas, Class B customers shall have preference over Class C customers.
- ~~€~~(c). **Class C Customers** shall include service accounts using gas in industrial or manufacturing facilities, including gas used for space heating by such customers, and customers using gas for the generation of power. Gas service to customers under this classification shall be subject to discontinuance or curtailment at any time, temporarily or permanently, in whole or in part, to protect or conserve the supply of gas for Class A and Class B customers.
45. **Effect of Commission Approval.** Approval of the above tariff language by the Public Utilities Commission of Ohio does not constitute a determination by the Commission that the limitation of *liability* imposed by the *Company* should be upheld in a court of law. Approval by the Commission merely recognizes that since it is a court's responsibility to adjudicate negligence and consequent damage claims, it is also the court's responsibility to determine the validity of the exculpatory clause.
