Dear PUCO,

A bailout of old, polluting technology only benefits utility shareholders and delays inevitable investment in efficiency and renewable energy.

Please deny the rate increase to lock consumers into buying power from Ohio's oldest, dirtiest coal plants. My family and I care about reducing toxic pollution and saving money on our electric bills, so I care about this issue.

The case number for FirstEnergy is 14-1297-EL-SSO.

It is not responsible citizenship or governorship[to give bailouts to antiquated coal technology. How can you support such a bailout for Duke Energy for the Kygher Creek and Clifty Creek coal plant bailouts. First Energy's bailout request should be denied!!!!
