Exhibit C-7 “Credit Report,”

Attached is a copy of our Experian Business Credit Advantage Report. As a relatively new company we are creating opportunities to build our credit. To date we have established two long-term credit relationships. The first is a working line of credit established with Huntington Bank in December, 2014. Over the past year we borrowed up to 90% of the allowed amount, and have since repaid the loan down to approximately 20% of the allowed amount. Second, we recently financed a new multi-purpose copier / printer / scanner with US Bank.

As a privately held limited liability company, CEA has financed its start-up costs primarily through its 3 Members.
