

BEFORE

THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Alternative Energy ) Case No. 13-882-EL-ACP  
Portfolio Status Reports for 2012 and 2013 ) Case No. 14-642-EL-ACP  
of Integrys Energy Services, Inc. )

FINDING AND ORDER

The Commission finds:

- (1) Integrys Energy Services, Inc. (Integrys or the Company) is an electric services company as defined in R.C. 4928.01(A)(9) and, as such, is subject to the jurisdiction of this Commission.
- (2) R.C. 4928.64(B)(2) establishes benchmarks for electric services companies to acquire a portion of their electricity supply for retail customers in Ohio from renewable energy resources. R.C. 4928.645 provides that an electric utility or electric services company may use renewable energy credits (RECs) and solar energy credits (SRECs) to meet its respective renewable energy and solar benchmarks. Ohio Adm.Code 4901:1-40-01(BB) defines a REC as the environmental attributes associated with one megawatt hour (MWh) of electricity generated by a renewable energy resource, except for electricity generated by facilities as described in Ohio Adm.Code 4901:1-40-04(E).
- (3) Ohio Adm.Code 4901:1-40-05(A) requires each electric services company to annually file by April 15 an alternative energy portfolio status report (AEPS report), unless otherwise ordered by the Commission. The AEPS report must analyze all activities the company undertook in the previous year in order to demonstrate how pertinent alternative energy portfolio benchmarks have been met. Staff then conducts an annual compliance review of the company's filing and the records of the applicable attribute tracking system to ensure that RECs were sourced from generating facilities certified by the Commission and were appropriately associated with electricity generated for the compliance period.

- (4) On April 11, 2013, Integrys filed its 2012 AEPS report in Case No. 13-882-EL-ACP. On October 17, 2013, Integrys filed correspondence in Case No. 13-882-EL-ACP indicating that the Company had retired one more in-state S-REC than necessary in 2012 as directed by the Commission to correct a previous shortfall. *See, Integrys Energy Services, Inc., Case No. 12-1231-EL-ACP, Finding and Order (Apr. 23, 2014) at 3-4.*
- (5) On February 24, 2014, Integrys filed an amended 2012 AEPS report in Case No. 13-882-EL-ACP, revising its Ohio retail electric sales for 2010 and 2011, and increasing the three year average for 2009 through 2011 from 55,744 MWh to 55,787 MWh. Using this amended three-year average as its 2012 compliance baseline, Integrys reports that it has satisfied its 2012 compliance obligations.
- (6) On April 14, 2014, Integrys filed its 2013 AEPS report in Case No. 14-642-EL-ACP, in which Integrys proposes to use a compliance baseline of 56,232 MWh, the average of its actual jurisdictional sales in 2010 through 2012. Using this baseline, Integrys reports that it has satisfied its 2013 compliance obligations.
- (7) On April 9, 2015, Staff filed its Review and Recommendations for Integrys's 2012 and 2013 AEPS reports. Staff reports that Integrys is an electric services company in the state of Ohio, and thus had an AEPS obligation for 2012 and 2013. Staff reviewed the Company's AEPS reports and REC tracking accounts to verify compliance, and determined that Integrys has satisfied its 2012 and 2013 AEPS compliance obligations. For future compliance years, Staff recommends that Integrys initiate the transfer of the appropriate RECs and SRECs to its REC tracking accounts between March 1 and April 15 so as to precede the filing of its annual AEPS report with the Commission.
- (8) Upon review of the Company's 2012 and 2013 AEPS reports, and the records of these proceedings, we adopt Staff's recommendations. We find that the Company's 2012 and 2013 proposed compliance baselines, as amended, are

reasonable, and that Integrys has met its compliance obligations for 2012 and 2013. Further, the Company is directed to comply with Staff's recommendations for future compliance years.

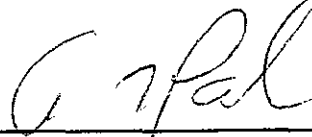

It is, therefore,

ORDERED, That Integrys has met its AEPS compliance obligations for 2012 and 2013, and that its amended 2012 AEPS report and its 2013 AEPS report be accepted as filed. It is, further,

ORDERED, That Integrys comply with Staff's recommendations adopted herein. It is, further,

ORDERED, That a copy of this Finding and Order be served upon all parties of record.
