**To:** Johnson, Thomas  
**Subject:** Reject the FirstEnergy Bailout

Jan 6, 2016

Commissioner Thomas Johnson

Dear Commissioner Johnson,

I'm writing today to ask you to say no to FirstEnergy's request for the PUCO to authorize substantial, customer-funded subsidies to bail out its uneconomic power plants.

With the new settlement, FirstEnergy's proposal went from bad to worse.

Please safeguard market competition and reject FirstEnergy's proposal, so that a utility can no longer cross-subsidize or favor its affiliate companies in order to block competition. Approving the deal would send a clear message to Ohio's businesses, entrepreneurs, investors, and

residents: We favor reigning power players and political clout over innovation and competition. Utility profits should not be placed ahead of Ohioans' best interests, and especially not at their personal expense.

If you believe Ohio should have electricity that is clean, reliable, and affordable, please reject FirstEnergy's request.

Thank you,

Ms. Mary Simmons  
2970 Beachview Blvd  
Akron, OH 44319-1546

Commissioner Thomas Johnson

Dear Commissioner Johnson,

Being a lifelong resident of Ohio, I have watched power plants do all in their power to avoid making changes to plants that would make them cleaner. I suffer with asthma and so am perhaps more aware of the health issues regarding the quality of the air we all breathe and the effect it ultimately has over time.

I'm writing today to ask you to say no to FirstEnergy's request for the PUCO to authorize substantial, customer-funded subsidies to bail out its uneconomic power plants.

With the new settlement, FirstEnergy's proposal went from bad to worse.

With the new settlement, FirstEnergy's proposal went from bad to worse. Please safeguard market competition and reject FirstEnergy's proposal, so that a utility can no longer cross-subsidize or favor its affiliate companies in order to block competition. Approving the deal would send a clear message to Ohio's businesses, entrepreneurs, investors, and residents: We favor reigning power players and political clout over innovation and competition. Utility profits should not be placed ahead of Ohioans' best interests, and especially not at their personal expense.

If you believe Ohio should have electricity that is clean, reliable, and affordable, please reject FirstEnergy's request.

I am a First Energy customer, so I don't want to have to pay DOUBLE (including taxes/subsidies) to them for my power. This needs to be clean energy. Do the right thing, not what fills your back-pockets.

Thank you,

Mr. Ronald Dick

Commissioner Thomas Johnson

Dear Commissioner Johnson,

I'm writing today to ask you to say no to FirstEnergy's request for the PUCO to authorize substantial, customer-funded subsidies to bail out its uneconomic power plants.

With the new settlement, FirstEnergy's proposal went from bad to worse.

Please safeguard market competition and reject FirstEnergy's proposal, so that a utility can no longer cross-subsidize or favor its affiliate companies in order to block competition. Approving the deal would send a clear message to Ohio's businesses, entrepreneurs, investors, and residents: We favor reigning power players and political clout over innovation and competition. Utility profits should not be placed ahead of Ohioans' best interests, and especially not at their personal expense.

If you believe Ohio should have electricity that is clean, reliable, and affordable, please reject FirstEnergy's request.

Thank you,

Jan 5, 2016

Commissioner Thomas Johnson

Dear Commissioner Johnson,

I'm writing today to ask you to say no to FirstEnergy's request for the PUCO to authorize substantial, customer-funded subsidies to bail out its uneconomic power plants.

With the new settlement, FirstEnergy's proposal went from bad to worse. Please safeguard market competition and reject FirstEnergy's proposal, so that a utility can no longer cross-subsidize or favor its affiliate companies in order to block competition. Approving the deal would send a clear message to Ohio's businesses, entrepreneurs, investors, and residents: We favor reigning power players and political clout over innovation and competition. Utility profits should not be placed ahead of Ohioans' best interests, and especially not at their personal expense.

If you believe Ohio should have electricity that is clean, reliable, and affordable, please reject FirstEnergy's request.

Thank you,

Mrs. Judy Vershum  
3726 Joyce Ann Dr  
Youngstown, OH 44511-3381

Dear Commissioner Johnson,

I'm writing today to ask you to say no to FirstEnergy's request for the PUCO to authorize substantial, customer-funded subsidies to bail out its uneconomic power plants.

With the new settlement, FirstEnergy's proposal went from bad to worse. Please safeguard market competition and reject FirstEnergy's proposal, so that a utility can no longer cross-subsidize or favor its affiliate companies in order to block competition. Approving the deal would send a clear message to Ohio's businesses, entrepreneurs, investors, and residents: We favor reigning power players and political clout over innovation and competition. Utility profits should not be placed ahead of Ohioans' best interests, and especially not at their personal expense.

If, as I understand, this proposed ruling would burden the distribution customers (who are not free to choose their distributor) with the ineconomy of the generation business. If we must deregulate, then at least do so honestly and charge the whole cost of generation to the generation business, and not to the distribution business. This utterly defeats the idea behind splitting the two businesses and allowing the "free market" to do its job.

If you believe Ohio should have electricity that is clean, reliable, and affordable, please reject FirstEnergy's request.

Jan 5, 2016

Commissioner Thomas Johnson

Dear Commissioner Johnson,

I'm writing today to ask you to say no to FirstEnergy's request for the PUCO to authorize substantial, customer-funded subsidies to bail out its uneconomic power plants.

With the new settlement, FirstEnergy's proposal went from bad to worse. Please safeguard market competition and reject FirstEnergy's proposal, so that a utility can no longer cross-subsidize or favor its affiliate companies in order to block competition. Approving the deal would send a clear message to Ohio's businesses, entrepreneurs, investors, and residents: We favor reigning power players and political clout over innovation and competition. Utility profits should not be placed ahead of Ohioans' best interests, and especially not at their personal expense.

If you believe Ohio should have electricity that is clean, reliable, and affordable, please reject FirstEnergy's request.

Thank you,

Mrs. Hollie Pumphrey  
757 Wing St

Jan 5, 2016

Commissioner Thomas Johnson

Dear Commissioner Johnson,

I'm writing today to ask you to say no to FirstEnergy's request for the PUCO to authorize substantial, customer-funded subsidies to bail out its uneconomic power plants.

With the new settlement, FirstEnergy's proposal went from bad to worse.

Please safeguard market competition and reject FirstEnergy's proposal, so that a utility can no longer cross-subsidize or favor its affiliate companies in order to block competition. Approving the deal would send a clear message to Ohio's businesses, entrepreneurs, investors, and residents: We favor reigning power players and political clout over innovation and competition. Utility profits should not be placed ahead of Ohioans' best interests, and especially not at their personal expense.

If you believe Ohio should have electricity that is clean, reliable, and affordable, please reject FirstEnergy's request.

Thank you,

Ms. Marsha Wagner  
1828 Harbour Cir NW Apt A

Commissioner Thomas Johnson

Dear Commissioner Johnson,

I'm writing today to ask you to say no to FirstEnergy's request for the PUCO to authorize substantial, customer-funded subsidies to bail out its uneconomic power plants.

With the new settlement, FirstEnergy's proposal went from bad to worse.

Please safeguard market competition and reject FirstEnergy's proposal, so that a utility can no longer cross-subsidize or favor its affiliate companies in order to block competition. Approving the deal would send a clear message to Ohio's businesses, entrepreneurs, investors, and

residents: We favor reigning power players and political clout over innovation and competition. Utility profits should not be placed ahead of Ohioans' best interests, and especially not at their personal expense.

If you believe Ohio should have electricity that is clean, reliable, and affordable, please reject FirstEnergy's request.

Thank you,

To: Porter, Andre  
Subject: Reject FirstEnergy's proposal to keep old coal plants running

Dec 31, 2015

Chairman Andre Porter

Dear Chairman Porter,

I urge you to reject First Energy's proposal to keep several old, dirty and uncompetitive power plants open. Their plan will not only burden customers with increased electric bills, but the plan is anti-competitive and will harm human health. Ratepayers should not have to pay for these old power plants just because these plants cannot compete with newer technologies like wind or solar power.

These coal power plants are pumping out thousands of tons of soot, carbon and mercury pollution every day, harming me and many other Ohioans in the process. Newer technologies like wind and solar do not cause the kind of damage these old power plants will.

Please do not approve FirstEnergy's plan to bail out First Energy's old, dirty power plants. Supporting FirstEnergy's plan will hurt Ohio in its path to build an energy future powered by clean energy.

Sincerely,

Ms. Heather Dimon

gregc55403@rcn.com

---

*Dear Chairman Porter:*

*Please do not bailout First Energy's lack of planning to conversion from coal to more sustainable energy resources. First, this is a cost of doing thoughtful business practice, NOT something that is a consumer responsibility. Secondly, First Energy's service is very poor and they have taken little effort to modernization of their grid.*

*Don't lower standards by bailing them out, but instead hold First Energy to raising theirs. Look to Chattanooga's EPB for best practices.*

*Capitalism, not consumers will fix what this poorly run organization cannot.*

*Sincerely,*

Docketing Case No.:

14-1297-EL-SSO

Notes:

Please docket the following in the case number above. Thank you.

\*\*\*\*\*

### COMMENT DESCRIPTION:

Our comment is in reference to CASE # 14-1297 and we want our comments included in the Public Record for this case! A recent settlement proposed by First Energy and PUCO would increase our bill by approximately \$10.50 per month for the next 8 years. DO THE MATH:  $\$10.50/\text{MONTH} \times 12 = \$126/\text{year} \times 8 \text{ years} = \$1,008,00$  just for my wife and I. The total increase of this proposal for consumers would be a bailout in the billions of dollars to subsidize FirstEnergy's power plants. I'm sure there are MANY businesses that would like to have this kind of bailout at the consumers expense because their plants are not competitive. My wife and I are Sr. Citizens who rely on Social Security every month to make ends meet and will not receive a Cost of Living Adjustment (COLA) for 2016. We, like other consumers, just can't afford this unnecessary increase in our monthly electric bill. My wife and I are asking you to please reject the FirstEnergy settlement. We want to thank you, in advance, for your favorable consideration in this matter. Sincerely, Tom & Joyce Pavak

COMMENT DESCRIPTION:

Please do not approve the settlement proposal by FirstEnergy that will increase our cost for electricity. We are already struggling to meet our living expenses. Sharon and Allan Marks
