Subject: Protect Ohioans from Utility Power Plays

Dear Commissioner Johnson,

AEP and FirstEnergy are trying to hijack Ohioans' electric bills and demand billions of dollars in ransom from Ohio consumers to prop up their old power plants that they claim are losing money. I shouldn't have to pay extra charges to subsidize utility companies when I get no benefit in return. AEP isn't really even doing a very good job maintaining our rural power lines.

Please protect hard-working Ohioans, seniors on fixed incomes (my husband and me! -- we did not even get a COLA this year...), and small business owners from ridiculous and totally unnecessary rate hikes. Please tell the PUCO to put a stop to this corporate welfare at our expense.

PUCO Case #s: 14-1297-EL-SSO; 14-1693; 14-1694

Sincerely,

Joyce Eikenberry, Disabled US Army veteran PO Box 189 Union Furnace, OH 43158

PUCO Case #: 14-1297-EL-SSO; 14-1693; 14-1694 Also, AEP give nice bonuses to their employees. It is time for realistic salaries for employees and upper management. No price increase in electricity. I wish everyone had the choice between gas or electric. I certainly would go with gas, it's cheaper and warmer. And also, not have to be told this apartment complex uses AEP or another company. So sad, this is suppose to be America, land of the free. Our forefathers would turn over in their graves. They worked to make our country the best, until several years ago. Illegals, and citizens are demanding our rights that have been written for years be null and void. We should not have to give up our rights, freedom to fly the American flag, to pray in schools and say the pledge of allegiance. This is why our our country is the way it is now. Please stop this rip off now, please.

Dear Commissioner Johnson,

AEP and FirstEnergy are trying to hijack Ohioans' electric bills and demand billions of dollars in ransom from Ohio consumers to prop up their old power plants that they claim are losing money. I shouldn't have to pay extra charges to subsidize utility companies when I get no benefit in return.

Please protect hard-working Ohioans, seniors on fixed incomes, and small business owners from ridiculous and totally unnecessary rate hikes. Please tell the PUCO to put a stop to this corporate welfare.

Dear Commissioner Johnson,

AEP and FirstEnergy are trying to hijack Ohioans' electric bills and demand billions of dollars in ransom from Ohio consumers to prop up their old power plants that they claim are losing money. I shouldn't have to pay extra charges to subsidize utility companies when I get no benefit in return.

Please protect hard-working Ohioans, seniors on fixed incomes, and small business owners from ridiculous and totally unnecessary rate hikes. Please tell the PUCO to put a stop to this corporate welfare.

FirstEnergy in particular is a poor excuse for a power company. They perform almost no maintenance on either equipment or tree trimming, I can't tell you how many power outages we suffer, it's almost every time there's a breath of wind.

Dear Commissioner Johnson,

AEP and FirstEnergy are trying to hijack Ohioans' electric bills and demand billions of dollars in ransom from Ohio consumers to prop up their old power plants that they claim are losing money. I shouldn't have to pay extra charges to subsidize utility companies when I get no benefit in return.

Please protect hard-working Ohioans, seniors on fixed incomes, and small business owners from ridiculous and totally unnecessary rate hikes. Please tell the PUCO to put a stop to this corporate welfare.

AEP and FirstEnergy are trying to hijack Ohioans' electric bills and demand billions of dollars in ransom from Ohio consumers to prop up their old power plants that they claim are losing money. I shouldn't have to pay extra charges to subsidize utility companies when I get no benefit in return.

Please protect hard-working Ohioans, seniors on fixed incomes, and small business owners from ridiculous and totally unnecessary rate hikes. Please tell the PUCO to put a stop to this corporate welfare.

Dear Commissioner Johnson,

AEP and FirstEnergy are trying to hijack Ohioans' electric bills and demand billions of dollars in ransom from Ohio consumers to prop up their old power plants that they claim are losing money. I shouldn't have to pay extra charges to subsidize utility companies when I get no benefit in return.

Please protect hard-working Ohioans, seniors on fixed incomes, and small business owners from ridiculous and totally unnecessary rate hikes. Please tell the PUCO to put a stop to this corporate welfare.
