Re: First Energy Rate Increase request.

Subject: Citizen OPINION & OPPOSITION

I have reviewed First Energies plan and position as well as the opinions of the various opposition.

I am generally supportive of the improvement of infrastructure, but I do not agree with their request and assessment of the First Energy rate increase proposal. I would consider this a luxury for First Energy at this time.

In these times of uncertain economic recovery, mandatory healthcare costs, and years where the improvement of personal residential infrastructure of peoples homes have been postponed, this is financial burden that is not necessary.

Thank You
