Subject: Protect Ohioans from Utility Power Plays

Dear Representative Hood,

AEP and FirstEnergy are trying to hijack Ohioans' electric bills and demand billions of dollars in ransom from Ohio consumers to prop up their old power plants that they claim are losing money. I shouldn't have to pay extra charges to subsidize utility companies when I get no benefit in return.

Please protect hard-working Ohioans, seniors on fixed incomes, and small business owners from ridiculous and totally unnecessary rate hikes. Please tell the PUCO to put a stop to this corporate welfare.

PUCO Case #: 14-1297-EL-SSO; 14-1693; 14-1694

Sincerely,

g w blackman

Subject: Ignore utility companies' scare tactics

Dear Representative Hood,

New, clean, natural gas plants are providing alternatives to old, inefficient plants that AEP and FirstEnergy want consumers to subsidize with rate increases. The utility companies have threatened plant shut-downs and warned that consumers and businesses will no longer have a reliable power supply, if they don't get handouts paid for by consumers. But Ohio's power grid operator and multiple experts have said that Ohio has plenty of power generation for the future.

Don't fall for utility scare tactics! Please Tell the PUCO to say "no" to the utility handouts and "yes" to cheaper natural gas to fuel Ohio's future.

PUCO Case #s: 14-1297-EL-SSO; 14-1693; 14-1694

Dear Representative Hood,

I don't want my electric bill to go up to pay for AEP's and FirstEnergy's old power plants. The utilities claim they're losing money on their aging plants, and now they're demanding that consumers cover the cost of their bad decisions not to invest in cheaper, cleaner power, like natural gas.

It's outrageous that my electric bill will go up while these giant utilities are earning billions of dollars and paying hefty dividends to their shareholders. Please stand up for Ohio consumers and tell the PUCO to reject AEP's and FirstEnergy's *money grab*.

PUCO Case #: 14-1297-EL-SSO; 14-1693; 14-1694

Subject: Power plants already paid for

Dear Representative Hood,

In 1974 Gavin Power Plant (2 units) rated at 2600 MW cost 660 million dollars. In 1980 Mountaineer Power Plant (1 unit) rated at 1300 MW cost 990 million dollars. So if you total the " generation years " of these 2 locations in at 78 generation years and producing a total of 3,900 MW. If you run the numbers at the average of the cost of a kilowatt hour being .07 cents over 78 years comes to 27.3 billion dollars! This is just at 2 facilities when AEP has 90 + facilities generating 27 billion MW. Just the 2 locations that I've mentioned were long ago paid for, (Gavin 1981), (Mtn. 1987) and have generated profits since those dates for AEP. AEP planed on generating units to last 50+ years on the life of these units and substantially made the company profit. If the PUCO grants AEP's request will mean higher profits for them and higher electric bills for us. Do we really think that in 8 years those added " tariffs " will come off our bills? Or as in the past other requests and fees will be added to take their place? AEP has posted record profits and dividend payouts for 37 years straight, posting zero losses, (remember the storm of 2008) when they charged us for the repairs all the while the had insurance to cover those losses, where was the PUCO then? Now is the time that the PUCO stands up for us, let us catch up on our finances to allow for a family of 4 to be able to afford a day seeing a Cincinatti Reds baseball game.

PUCO Case #: 14-1297-EL-SSO; 14-1693; 14-1694

Dear Senator Peterson,

AEP charges outrageous prices as it is! They don't even care if it's below freezing temperatures and you can't afford to pay your bill! Why on earth would we want to help them, much less give them more money, when they could clearly care less about their customers?! Seems to me that AEP needs some healthy competition!! It is LONG OVER DUE!!!

I don't want my electric bill to go up to pay for AEP's and FirstEnergy's old power plants. The utilities claim they're losing money on their aging plants, and now they're demanding that consumers cover the cost of their bad decisions not to invest in cheaper, cleaner power, like natural gas.

Subject: Stop the glad handing and start looking after the hard working people of ohio!!

Dear Senator Peterson,

New, clean, natural gas plants are providing alternatives to old, inefficient plants that AEP and FirstEnergy want consumers to subsidize with rate increases. The utility companies have threatened plant shut-downs and warned that consumers and businesses will no longer have a reliable power supply, if they don't get handouts paid for by consumers. But Ohio's power grid operator and multiple experts have said that Ohio has plenty of power generation for the future.

Don't fall for utility scare tactics! Please Tell the PUCO to say "no" to the utility handouts and "yes" to cheaper natural gas to fuel Ohio's future.

PUCO Case #: 14-1297-EL-SSO; 14-1693; 14-1694

Sincerely,

Andrew smallwood

Dear Senator Peterson,

I don't want my electric bill to go up to pay for AEP's and FirstEnergy's old power plants. The utilities claim they're losing money on their aging plants, and now they're demanding that consumers cover the cost of their bad decisions not to invest in cheaper, cleaner power, like natural gas.

It's outrageous that my electric bill will go up while these giant utilities are earning billions of dollars and paying hefty dividends to their shareholders. Please stand up for Ohio consumers and tell the PUCO to reject AEP's and FirstEnergy's money grab.

PUCO Case #s: 14-1297-EL-SSO; 14-1693; 14-1694

Subject: Protect Ohioans from Utility Power Plays

Dear Representative Hood,

AEP and FirstEnergy are trying to hijack Ohioans' electric bills and demand billions of dollars in ransom from Ohio consumers to prop up their old power plants that they claim are losing money. I shouldn't have to pay extra charges to subsidize utility companies when I get no benefit in return.

Please protect hard-working Ohioans, seniors on fixed incomes, and small business owners from ridiculous and totally unnecessary rate hikes. Please tell the PUCO to put a stop to this corporate welfare.
