Columbus, Ohio

CASE NO: 16-49-TR-CVF

From: David Golman
106 S. 3rd Street
Dennison, Ohio 44621

Gentlemen: I David Golman cannot be present for this hearing on 3-24-16 in Columbus Ohio. I feel I have been wronged by the ^{Ohio} State Patrol Det. I Did not enter anything on my log because I met my wife went home to see what all the oil field workers had stolen from us and made a police report for over \$1000.00 dollars in property of my Antique tool collection. Then I drove to the Grain mill someone I know knew Drivers and I was looking for him It was overcast my flash light was broken again I could not see to make lines on my log I use Bifocals and was headed to McDonalds to do this and was stopped because I was late and the officer and the Ohio Det

Keep saying we are going to run Kuntzman
out of Business The Drivers are not at fault
I ended up at Kuntzman Because I turned
Rodney Gordon of Gordon Milk Transport
into the DOT for his wanting Drivers to
Run more than 700 miles in 11 hours
and he had the other Gordon Driver swap
my licence at Nottelindville VA and I ended
up with a major violation. The things the
DOT found wrong with the truck the Rim
had a small hair line crack and the protective
valve was not the problem. Then I received
a ticket for 10 miles over the limit by the
Ohio state patrol then the officer said
to me if I was going to fight the ticket
he would speed to it so I could not fight
it. That the officer would not be reduced
costs have cost me a lot with the lies
one time causing my company a \$37,000
claim and I was and owner operator
and had to pay \$5000.00 dollar myself

Thank you

David Goldman
