**Re: Clean Energy Future-Lordstown, LLC,  
OPSB Case Nos. 14-2322-EL-BGN; 16-0131-EL-BGA**

Dear Ms. McNeal:

On March 14, 2016 Clean Energy Future-Lordstown, LLC (the "Project") and the Staff of the Ohio Power Siting Board ("OPSB" or "Staff"), attended the Project's initial tree clearing pre-construction conference for the above-referenced project. Upon authorization by the Staff, on March 15, 2016, the Project filed a letter to the case docket indicating that it was commencing the initial stage of tree clearing.

On March 24, 2016 the Project attended a supplemental tree clearing pre-construction conference to reflect the minor adjustments to the transmission line and switchyard, as approved by the Board in Case No. 16-131-EL-BGA.

The Project believes that the Board's conditions regarding tree removal for the Project have been adequately addressed. As such, the Project will commence the supplemental tree clearing activity on March 24, 2016.

If you have any questions please call at the number listed above.

Sincerely,

Sally W. Bloomfield
