Re: OPSB Case No. 15-1737-EL-BTX
Paulding Wind Farm III LLC
Proof of Publication – Second Notice of Application for Timber Road III
Transmission Line and affected property owner mailing list

Dear Ms. McNeal:

Please find enclosed a copy of an affidavit of publication and newspaper tear sheet indicating that the second “Notice of Proposed Major Utility Facility” was published in the *Paulding Progress* on April 6, 2016. Also enclosed is a copy of a mailing list providing the name and address of each owner of a property crossed and/or adjacent to the preferred and alternative routes for the Timber Road III Transmission Line, and a copy of the letter that was sent to each property owner on the mailing list providing notice of the application for a Certificate of Environmental Compatibility and Public Need for the Timber Road III Transmission Line.

Thank you for your attention to this matter.

Respectfully submitted,

Ryan D. Elliott

NOTICE OF PROPOSED MAJOR UTILITY FACILITY

Proposed layout of the facility.

8.5 miles of land in Harrison and Benton Townships, connecting the wind farm collection substation and the Timber Road III POI switchyard. The alternate transmission line traverses approximately 11.6 miles of land in Harrison and Benton Townships, connecting the wind farm collection substation and the Timber Road III POI switchyard.

Paulding Wind Farm III LLC has filed with the Ohio Power Siting Board an application for a certificate to construct, operate and maintain the Timber Road III electric transmission line in Case No. 15-1737-EL-BTX, which is now pending before the Board.

Pursuant to Ohio Revised Code 4906.08(C), a local public hearing, where the public will be given an opportunity to comment on the proposed facility, will be held on April 21, 2016 at 6:00 p.m., at Wayne Trace Junior-Senior High School, 4915 U.S. 127, Haviland, Ohio 45851. An adjudicatory hearing will commence on April 28, 2016 at 10:00 a.m., at the offices of the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793, 11th floor, Hearing Room 11-D.

Notice of the proposed facility was previously published on March 9, 2016.

The above map shows a proposed layout of the facility.

Paulding Wind Farm III LLC, a wholly owned subsidiary of EDP Renewables North America, LLC, is proposing to construct the Timber Road III Transmission Line with associated point of interconnect ("POI") switchyard in Paulding County. Under the original application, the proposed facility was a single project consisting of a new 138 kV transmission line and a new POI switchyard which will be used to deliver power generated by the Timber Road I Wind Farm and the Timber Road III Wind Farm to the regional power grid. Paulding Wind Farm III LLC subsequently determined that the Timber Road III Transmission line and the POI switchyard should be constructed as two separate projects. Accordingly, the POI switchyard was withdrawn from the original application and will be constructed under a separate application. The Timber Road III Transmission line, only, is the subject of this Notice of Proposed Major Utility Facility.

The Timber Road III Wind Farm collection substation will be located along Road 124 just west of the intersection with Road 33 in Harrison Township. The Timber Road III transmission line will run south from the collection substation to the existing 138 kV Lincoln-Sterling Circuit where the proposed Timber Road III POI switchyard will be constructed. A preferred route and an alternate route have been identified for the proposed transmission line.

The primary purpose of the facility is to deliver electricity generated by the Timber Road I Wind Farm and the Timber Road III Wind Farm from the collector substation to the Timber Road III POI switchyard to be located adjacent to the existing American Electric Power 138 kV Lincoln-Sterling circuit. The preferred transmission line route will traverse approximately

Re: Second Notice of Major Utility Facility - Timber Road III
Transmission Line

Dear Property Owner:

You previously received a Notice of Proposed Major Utility Facility regarding the Timber Road III Transmission Line in Paulding County. Please see the enclosed second Notice of Proposed Major Utility Facility, which is being provided to you as an owner of property that will be crossed and/or adjacent to the preferred and alternative routes for the Timber Road III Transmission Line, in accordance with Ohio Power Siting Board rule 4906-3-09(A)(2).

If you have any questions, you may contact me or Chris Brooks, the project manager for the Timber Road III Transmission Line project, at 312-995-2284.

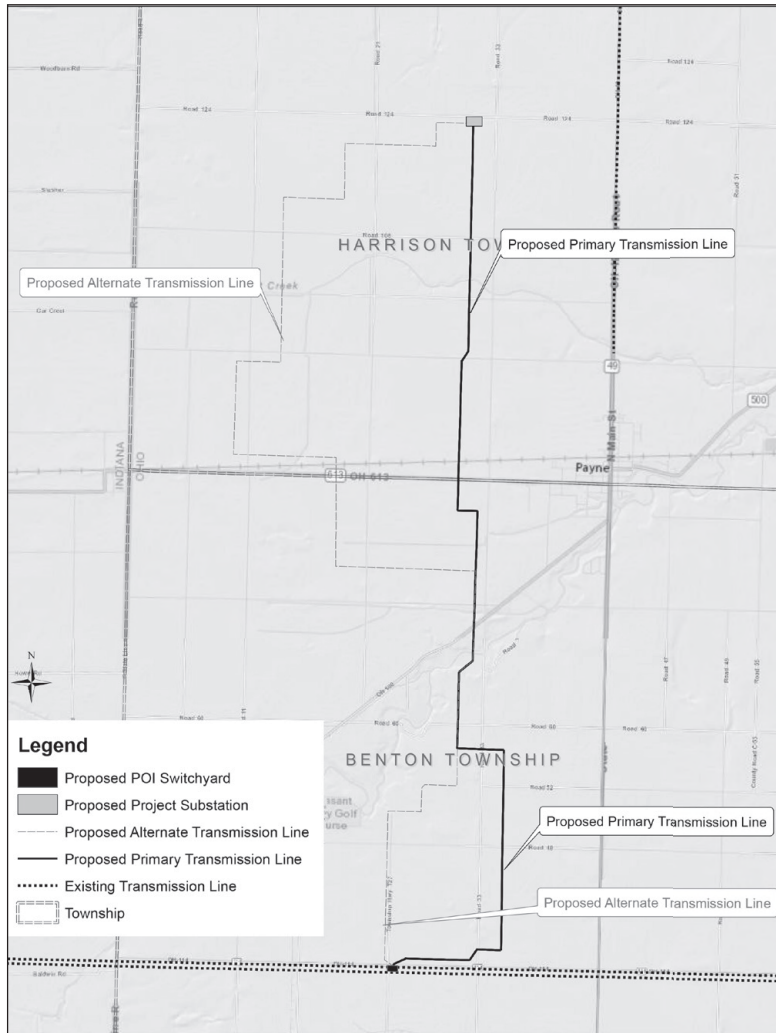

Sincerely,

A handwritten signature in black ink, appearing to read "R. Elliott", written over a horizontal line.

Ryan D. Elliott

Enclosure

NOTICE OF PROPOSED MAJOR UTILITY FACILITY

Proposed layout of the facility.

8.5 miles of land in Harrison and Benton Townships, connecting the wind farm collection substation and the Timber Road III POI switchyard. The alternate transmission line traverses approximately 11.6 miles of land in Harrison and Benton Townships, connecting the wind farm collection substation and the Timber Road III POI switchyard.

Paulding Wind Farm III LLC has filed with the Ohio Power Siting Board an application for a certificate to construct, operate and maintain the Timber Road III electric transmission line in Case No. 15-1737-EL-BTX, which is now pending before the Board.

Pursuant to Ohio Revised Code 4906.08(C), a local public hearing, where the public will be given an opportunity to comment on the proposed facility, will be held on April 21, 2016 at 6:00 p.m., at Wayne Trace Junior-Senior High School, 4915 U.S. 127, Haviland, Ohio 45851. An adjudicatory hearing will commence on April 28, 2016 at 10:00 a.m., at the offices of the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793, 11th floor, Hearing Room 11-D.

Notice of the proposed facility was previously published on March 9, 2016.

The above map shows a proposed layout of the facility.

Paulding Wind Farm III LLC, a wholly owned subsidiary of EDP Renewables North America, LLC, is proposing to construct the Timber Road III Transmission Line with associated point of interconnect ("POI") switchyard in Paulding County. Under the original application, the proposed facility was a single project consisting of a new 138 kV transmission line and a new POI switchyard which will be used to deliver power generated by the Timber Road I Wind Farm and the Timber Road III Wind Farm to the regional power grid. Paulding Wind Farm III LLC subsequently determined that the Timber Road III Transmission line and the POI switchyard should be constructed as two separate projects. Accordingly, the POI switchyard was withdrawn from the original application and will be constructed under a separate application. The Timber Road III Transmission line, only, is the subject of this Notice of Proposed Major Utility Facility.

The Timber Road III Wind Farm collection substation will be located along Road 124 just west of the intersection with Road 33 in Harrison Township. The Timber Road III transmission line will run south from the collection substation to the existing 138 kV Lincoln-Sterling Circuit where the proposed Timber Road III POI switchyard will be constructed. A preferred route and an alternate route have been identified for the proposed transmission line.

The primary purpose of the facility is to deliver electricity generated by the Timber Road I Wind Farm and the Timber Road III Wind Farm from the collector substation to the Timber Road III POI switchyard to be located adjacent to the existing American Electric Power 138 kV Lincoln-Sterling circuit. The preferred transmission line route will traverse approximately
