**Re: Dominion East Ohio Letter of Notification Application for PIR #541
Village of Dennison & Union Township, Tuscarawas County, Ohio,
OPSB Case No. 16-651-GA-BNR**

Dear Ms. McNeal:

On April 6, 2016, Dominion East Ohio ("DEO") filed a Letter of Notification application for its PIR #541 Village of Dennison and Union Township, Tuscarawas County, Ohio pipeline replacement project. Attached is a copy of the letter that was sent pursuant to Ohio Administrative Code Rule 4906-6-11(C) on May 2, 2016, via first class mail to each property owner and affected tenant within the project area.

If you have any questions please call at the number listed above.

Sincerely,

Sally W. Bloomfield

Dear Property Owner or Tenant:

New Pipeline Project

As we indicated to you in a prior letter, Dominion East Ohio (DEO) is preparing to construct a pipeline project to replace a pipeline comprised of approximately 4,465' of 10" steel pipeline located in road right of way and an existing DEO easement in the Village of Dennison, Mill Township and the Village of Dennison, Union Township. The replacement will consist of 5,515' of 12" steel to be installed entirely within Public Right of Way within the Village of Dennison, Mill Township as well as the Village of Dennison, Union Township.

DEO is the owner of an easement/permit on or near your property pursuant to and within which it operates and maintains a natural gas pipeline. Please be assured that during work on the project described above, all of DEO's Standard Safety and Operating Procedures and all applicable federal, state and local laws, regulations and ordinances will be fully adhered to.

Timeline for Construction of the Project

DEO anticipates that construction of the replacement pipeline will commence on or about May 9th. The construction is expected to last until approximately five months.

Restoration Activities:

DEO will restore your property to the state that it was in prior to DEO's construction activities. It expects that the restoration activities will be completed one month after construction.

Tenants

If you have tenants occupying this parcel, please advise them of this pipeline replacement project.

Questions/Complaints:

Should you have any questions concerning this pipeline project, please contact Dominion East Ohio's Land Services Department at 1-866-574-7253 who will see that it is communicated to DEO's Project Manager, David Hollendonner. Please mention the project reference, located on the bottom of this letter, when you call.

DEO's complaint resolution process:

- (1) DEO has a toll-free phone number, 1-866-574-7253. A member of the public who has a complaint about pipeline segment construction activities may call this toll-free number and leave a message 24 hours a day. A DEO representative will promptly return a call.
- (2) After the complaint is registered using the toll-free number, a person who registers a complaint will receive a response summarizing the complaint, the requested relief and, if appropriate, a request from DEO to provide additional information. When the complaint is received, DEO will initiate reasonable action to resolve any legitimate interference that is a direct result of the pipeline project.
- (3) DEO will be responsible for keeping a log book which registers every complaint received from the toll-free number that contains the complaining person's contact information, the date of the complaint was received, and other pertinent issues surrounding the complaint. The log book will also document the resolution that DEO suggests, the date the person complaining agreed to the proposed resolution and the date when the proposed resolution was implemented.

If the person complaining declines the DEO proposed resolution, the log book will list the date of the refusal.

- (4) If the action DEO has taken to ameliorate the disturbance does not satisfy the person complaining, DEO will provide the person complaining a summary of the complaint, the proposed resolution and the date the amelioration was implemented. DEO will copy the summary to the Ohio Power Siting Board Staff, so that the person complaining may bring the complaint to the Ohio Power Siting Board.

Sincerely,

DOMINION EAST OHIO
