Columbus, OH 43215

**Re: TelCove Operations, LLC
P.U.C.O. Tariff No. 2
Case No. 10-2387-TP-COI**

Dear Ms. McCauley:

TelCove Operations, LLC ("TelCove") hereby submits this letter in accordance with the Commission's Entry of May 4, 2016 in Case Number 10-2387-TP-COI to confirm that the terminating local end office switched access rates currently on file in its P.U.C.O. Tariff No. 2 are in compliance with 47 C.F.R. §51.911. TelCove's intrastate terminating local end office switched access rates refer to its corresponding interstate access rates, which are at parity with the applicable ILEC access rates. Therefore, the Company is already in compliance with the requirements of PUCO Case No. 10-2387-TP-COI and no intrastate access rate revisions are required at this time.

Additionally, the Company is filing revisions to its access tariff today, May 18, 2016 in Case No. 16-1121-TP-ATA. The purpose of this filing is to update references to TelCove Operations, LLC Tariff F.C.C. No. 1. No rates are being changed with this filing. The Company respectfully requests an effective date of June 1, 2016.

The following pages are included in the filing:

Tenth Revised Page 1	Updates Check Sheet
Ninth Revised Page 2	Updates Check Sheet
Second Revised Page 28	Corrects reference to Company's interstate tariff
Sixth Revised Page 100	Corrects reference to Company's interstate tariff

Any questions regarding this filing should be directed to me at diane.peters@level3.com or (585) 255-1425.

Sincerely,

/s/Diane L. Peters

TelCove Operations, LLC

Case No. 10-2387-TP-COI

REGULATIONS (cont'd)2.3 Obligations of the Customer (cont'd)2.3.3 Jurisdictional Report Requirements (cont'd)

- G) The Customer shall keep sufficient detail from which the percentage of interstate use can be ascertained and upon request of the Company make the records available for inspection. Such a request will be initiated by the Company no more than once per year. The Customer shall supply the data within 30 calendar days of the Company request.
- H) The Customer may provide an additional percentage of interstate use for Entrance Facility and Direct Trunked Transport subject to the reporting requirements previously listed in this section. The percentage of interstate use may be provided per individual facility or at the billing account level. Should the Customer not provide a percentage of interstate use, the Company will use the reported Feature Group B or Feature Group D aggregated percentage of interstate use.

I) Identification and Rating of Toll VoIP-PSTN Traffic

This section governs the identification of Toll VoIP-PSTN Traffic that is required to be compensated at interstate access rates unless the parties have agreed otherwise by the F.C.C. in its Report and Order in WC Dockets Nos. 10-90, etc., F.C.C. Release No. 11-161 (November 18, 2011) (F.C.C. Order). Specifically, this section establishes the method of separating Toll VoIP-PSTN Traffic from the Customer's traditional intrastate access traffic, so that Toll VoIP-PSTN Traffic can be billed in accordance with the F.C.C. Order. Toll VoIP-PSTN Traffic identified in accordance with this tariff section will be billed at rates equal to the Company's applicable tariffed interstate switched access rates as set forth in the Company's Tariff F.C.C. No. 2. This section of the tariff does not preclude carriers from negotiating different rates, terms and conditions governing compensation for toll VoIP-PSTN traffic. This tariff does not supersede rates, term and conditions governing compensation for toll VoIP-PSTN traffic in existing interconnection agreements. Rates, term and conditions governing compensation for toll VoIP-PSTN traffic in this tariff apply prospectively unless specifically stated in this tariff.
