

THE PUBLIC UTILITIES COMMISSION OF OHIO

IN THE MATTER OF THE APPLICATION OF  
GLOBE METALLURGICAL, INC. FOR  
APPROVAL OF A UNIQUE ARRANGEMENT  
BETWEEN OHIO POWER COMPANY AND  
GLOBE METALLURGICAL, INC.

CASE NO. 15-327-EL-AEC

FINDING AND ORDER

Entered in the Journal on May 25, 2016

I. SUMMARY

{¶ 1} In this Finding and Order, the Commission grants the unopposed motion filed by Globe Metallurgical, Inc. for a one-month extension of its unique arrangement with Ohio Power Company.

II. DISCUSSION

{¶ 2} Pursuant to R.C. 4905.31 and Ohio Adm.Code 4901:1-38-05(B), a mercantile customer of an electric utility may apply to the Commission for a unique arrangement with the electric utility.

{¶ 3} On February 13, 2015, Globe Metallurgical, Inc. (Globe) filed an application in this case for approval of an amendment to its unique arrangement with Ohio Power Company (AEP Ohio). Globe proposed to extend its contract expiration date for one year, until the end of the May 2016 billing cycle. Thereafter, on May 6, 2015, a hearing was held and a stipulation signed by Globe, AEP Ohio, and Staff was filed in this case.

{¶ 4} By Opinion and Order issued on May 13, 2015, the Commission determined that the stipulation, as modified by the Commission, was reasonable and should be adopted. Accordingly, the Commission approved the extension of Globe's unique arrangement until the end of the May 2016 billing cycle.

{¶ 5} On May 17, 2016, Globe filed an unopposed motion in this case for a one-month extension of its unique arrangement. Globe asserts that the one-month extension will provide interim support for Globe's ability to compete and contribute to Ohio's economy while the Commission considers Globe's pending application for a reasonable arrangement in Case No. 16-737-EL-AEC. Globe notes that the following provisions will continue to apply during the one-month extension of its unique arrangement:

- (a) Globe will continue to pay a fixed price of \$8.50 per MWh for distribution service and all non-bypassable transmission service, ancillary service and riders, which is the same price Globe has been paying;
- (b) Globe will continue to purchase energy and competitive services from a certified CRES provider;
- (c) The \$4 million delta revenue cap under the existing arrangement will be extended, but not increased; and,
- (d) Delta revenue amounts will be recovered by AEP Ohio through the Economic Development Cost Recovery Rider.

{¶ 6} Globe requests expedited treatment of its motion for an extension of its existing arrangement. Globe notes that AEP Ohio does not object to a ruling on the motion without the filing of memoranda contra and that AEP Ohio does not oppose the one-month extension of Globe's existing arrangement.

{¶ 7} The Commission finds that Globe's motion is reasonable and should be granted. Accordingly, the Commission finds that Globe's existing arrangement should continue for one month, until June 30, 2016, while the Commission considers Globe's pending application for a unique arrangement in Case No. 16-737-EL-AEC.

**III. ORDER**

{¶ 8} It is, therefore,

{¶ 9} ORDERED, That Globe's motion for a one-month extension of its existing arrangement be granted. It is, further,

{¶ 10} ORDERED, That nothing in this Finding and Order shall be binding upon this Commission in any future proceeding or investigation involving the justness or reasonableness of any rate, charge, rule, or regulation. It is further,

{¶ 11} ORDERED, That a copy of this Finding and Order be served upon each party of record.

**Commissioners Voting: Asim Z. Haque, Chairman; Lynn Slaby; M. Beth Trombold; Thomas W. Johnson.**
