To Whom It May Concern:

I am writing in protest  
of the pipeline that has  
been proposed to go through  
Amberley Village, Cincinnati  
Ohio.

This would destroy schools,  
places of worship and property  
values, and belongs in a  
rural area, not in an area  
that values trees and public  
safety. I am a senior citizen  
and value the love and  
tranquility that Amberley  
has. Please do not destroy

our village with a pipeline.

Thank you for your  
consideration and hopefully  
choosing another location.

Sincerely,

Nancy Samuels
