Subject: Case #16-0253-GA-BTX

To Whom It May Concern:

I live at 2539 Briarcliffe Ave in Pleasant Ridge. One of the pipeline extension routes proposes the new line would run about 500 feet from my house. I feel this move would be incredibly irresponsible and dangerous. The company next to where the pipeline is proposed is already cleaning up the soil because of the dumping that went on there for years. To consider laying this highly flammable pipeline is egregiously reckless. I am concerned for my health and safety and find it amazing that this route would even be considered. My husband and I just bought our home last July and love our quiet little street with nice neighbors. It saddens me to think that I may have to consider moving if this happens, and probably take a huge hit on my property value, just to ensure that my life, and my husband's life, are protected.
