4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

**4001.** Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

**4003a.** RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.

## Service Quality and Consumer Protection

The Company is committed to satisfying all applicable state and federal requirements related to consumer protection and service quality standards.

The Company complies with the Cellular Telecommunications and Internet Association's (CTIA) Consumer Code for Wireless Service.

1. Disclose Rates and Terms of Service – These are fully disclosed in advertising as well as on the Company's website.
2. Make Coverage Maps Available – Coverage maps are available on the Company's website.
3. Provide contract terms – the Company does not employ contracts.
4. Allow a trial service – Since Lifeline customers receive free service, there is no commitment to the service on their part. If the service does not suit their needs, they can cancel service at any time without penalty.
5. Provide Specific Disclosure in advertising – All Company advertising, including its website, fully discloses charges and service parameters.
6. Separately Identify Carrier Charges from Tax on Billing Statements – the Company does not render billing statements to its prepaid customers, but for every transaction they make on the Company website, service charges vs. taxes are fully described.
7. Provide Customers with the Right to Terminate Service Upon Changes to Their Contract – As mentioned, we don't employ contracts so this provision does not apply. Customers can, however, cancel service at any time without penalty.
8. Provide Ready Access to Customer Service – Customers can call customer service for free by dialing 611 or an 800 number. These numbers are disclosed on the Company's website and in advertising and customer welcome materials.
9. Promptly Respond to Customer Inquiries and Complaints from Government Agencies – We promptly respond to all complaints. If a customer care representative cannot help a customer, we have an escalation process. The Company is committed to resolving customer questions, concerns and complaints in a swift and satisfactory manner.
10. Privacy Policy – The Company protects the privacy of customer information in accordance with applicable federal and state laws. Our privacy policy is available, via link, on every page of the Company's website.
11. Provide Consumers with Free Notifications for Voice, Data and Messaging Usage, and International Roaming – Because the Company's service is prepaid, customers are not able to incur overage charges, and the Company does not offer international roaming. However, the Company provides, at no charge, end of call notifications that display balances to consumers of domestic wireless plans that include limited minute allowances. Furthermore, Company customers have the ability to check their balances at any time by using a short code, and balance inquiries are always free. The Company also clearly and conspicuously discloses tools or services that enable consumers to track, monitor and/or set limits on voice, messaging and data usage.
12. Abide by the following principles regarding the ability of customers, former customers, and individual owners of eligible devices to unlock phones and tablets, ("mobile wireless devices") that are locked by or at the direction of the carrier –

- (1) Disclosure. The Company has posted on its website its clear, concise, and readily accessible policy on postpaid and/or prepaid mobile wireless device unlocking.
- (2) Postpaid Unlocking Policy. Not Applicable.
- (3) Prepaid Unlocking Policy. Upon request, the Company will unlock prepaid mobile wireless devices no later than one year after initial activation, consistent with reasonable time, payment or usage requirements.
- (4) Notice. The Company will clearly notify customers that their devices are eligible for unlocking at the time when their devices are eligible for unlocking or automatically unlock devices remotely when devices are eligible for unlocking, without additional fee. The Company reserves the right to charge non-customers/nonformer-customers with a reasonable fee for unlocking requests. Notice to prepaid customers may occur at point of sale, at the time of eligibility, or through a clear and concise statement of policy on the Company's website.
- (5) Response Time. Within two business days after receiving a request, the Company will unlock eligible mobile wireless devices or initiate a request to the OEM to unlock the eligible device, or provide an explanation of why the device does not qualify for unlocking, or why the carrier reasonably needs additional time to process the request.
- (6) Deployed Personnel Unlocking Policy. The Company will unlock mobile wireless devices for deployed military personnel who are customers in good standing upon provision of deployment papers.

The Company reserves the right to decline an unlock request if it has a reasonable basis to believe the request is fraudulent or the device is stolen.

### **Functionality in Emergency Situations**

As a reseller, the Company relies upon its underlying facilities-based carrier for functionality in emergency situations. The Company obtains from AT&T Wireless (“AT&T”) the network infrastructure and wireless transmission facilities to allow the Company to operate as a Mobile Virtual Network Operator (“MVNO”). Through this agreement, the Company provides to its customers the same ability to remain functional in emergency situations as currently provided by AT&T to its own customers. As a Tier I carrier, AT&T has redundancies, back-up generator power and an extensive disaster recovery program. The AT&T wireless network has a reasonable amount of back-up power and the ability to reroute traffic around damaged facilities and manage traffic spikes resulting from emergency situations. As an MVNO of AT&T, these capabilities benefit Feel Safe Wireless customers.
