<110> Has your company received its ETC certification from the FCC? (yes / no) ☐ ☐

If your answer to Line <110> is yes, do you have an existing § 54.202(a) "5 year plan" filed with the FCC? (yes / no) ☐ ☐

If your answer to Line <111> is yes, please file a progress report, on line <112> delineating the status of your company's existing § 54.202(a) "5 year plan" on file with the FCC, as it relates to your provision of voice telephony service.

<112> Attach Five-Year Service Quality Improvement Plan or, in subsequent years, your annual progress report filed pursuant to 47 C.F.R. § 54.313(a)(1). If your company is a CETC which only receives frozen support, your progress report is only required to address voice telephony service.

Name of Attached Document

Please select the appropriate responses below (Yes, No, Not Applicable) to confirm that the attached document(s), on line 112, contains a progress report on its five-year service quality improvement plan pursuant to § 54.202(a). The information shall be submitted at the wire center level or census block as appropriate.

<113> Maps detailing progress towards meeting plan targets

<114> Report how much universal service (USF) support was received

<115> How much (USF) was used to improve service quality and how support was used to improve service quality

<116> How much (USF) was used to improve service coverage and how support was used to improve service coverage

<117> How much (USF) was used to improve service capacity and how support was used to improve service capacity

<118> Provide an explanation of network improvement targets not met in the prior calendar year.

Select the appropriate responses below (Yes, No, Not Applicable) to note compliance as a recipient of Incremental High Cost support, High Cost support to offset access charge reductions, and Connect America Phase II support as set forth in 47 CFR § 54.313(b),(c),(d),(e). The information reported on this form and in the documents attached below is accurate.

Incremental Connect America Phase I reporting

<2010> 2nd Year Certification 47 CFR § 54.313(b)(1)(i) - Note that for the July 1 2016 certification, this applies to Round 2 recipients of Incremental Support

<2011> 3rd Year Certification 47 CFR § 54.313(b)(1)(ii) - Note that for the July 1 2016 certification, this applies to Round 1 recipients of Incremental Support

<2022> Recipient certifies, representing year two after filing a notice of acceptance of funding pursuant to 54.312(c), that the locations in question are not receiving support under the Broadband Initiatives Program or the Broadband Technology Opportunities Program for projects that will provide broadband with speeds of at least 4 Mbps/1Mbps - 54.313(b)(2)(i). Round 2 recipients only.

<2023> The attachment on line 2024 includes a statement of the total amount of capital funding expended in the previous year in meeting Connect America Phase I deployment obligations, accompanied by a list of census blocks indicating where funding was spent. This covers year two - 54.313(b)(2)(ii). Round 2 recipients only.

<2024A> Round 2 Recipient of Incremental Support?

<2024B> Attach list of census blocks indicating where funding was spent in year two - 54.313(b)(2)(ii). Round 2 recipients only.

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission's public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.

Name of Attached Document Listing Required Information _____

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481.

Name of Attached Document Listing Required Information _____

4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area.

Name of Attached Document Listing Required Information _____

Service Quality Standards & Consumer Protection Rules Compliance

Under FCC Rules, Section 54.202, an ETC must comply that it will satisfy applicable consumer protection and service quality standards. Telrite Corporation d/b/a Life Wireless (Telrite) is in compliance with the Cellular Telecommunications and Internet Association's Consumer Code for Wireless Service.

1. Telrite discloses rates and terms of service to customers at the time service is initiated. These same terms and conditions are posted on Telrite's website at www.lifewireless.com.
2. Telrite provides service availability information on their website at www.lifewireless.com.
3. Telrite provides contract terms to subscribers when they initiate or change service. These same terms are provided to subscribers during the annual recertification process as outlined in Commission rules that govern continued subscriber eligibility.
4. Telrite's Lifeline service can be terminated at any time by either party without an early termination fee. Service is dependent on continued eligibility in the program.
5. Telrite provides disclosures, minutes included in Lifeline plans, expiration of rollover minutes, availability of service, and cost for additional minutes in all published Lifeline advertising materials.
6. Telrite customers are provided options if they exceed the number of minutes provided in their Lifeline plan. If at any time a customer purchases additional minutes, charges and plan options are available on the company website at www.lifewireless.com.
7. Telrite's toll-free customer service number is 888-543-3620. Customers can also contact Telrite via email at info@lifewireless.com. This information is provided in the terms of service and on the company website and in all information provided to subscribers.
8. Telrite responds to all consumer inquiries and complaints received from government agencies within 30 days.
9. Telrite has procedures in place to maintain the privacy of subscriber proprietary information in accordance with applicable federal and state laws.
10. At service initiation, Telrite requests that subscribers "Opt In" to receive free notifications regarding activation status, balance alerts, etc. Customers can also decline to receive these messages and notices by "Opting Out". If a subscriber chooses to decline free notifications they will receive only those Lifeline notifications required by the FCC such as the 30-day non-usage notice, the recertification notices, etc. The customer cannot opt out of the required FCC notifications.

Functionality in Emergency Situations

Under FCC Rules, an ETC must demonstrate its ability to remain functional in emergency situations. Since Telrite Corporation d/b/a Life Wireless (Telrite) is providing service to its customers through the use of facilities obtained from other carriers, it is able to provide to its customers the same ability to remain functional in emergency situations as currently provided by the carriers to their own customers, including access to a reasonable amount of back-up power to ensure functionality without an external power source, re-routing traffic around damaged facilities, and the capability of managing traffic spikes resulting from emergency situations.

Telrite, along with their underlying carriers, have created back-up systems to ensure functionality in the event of a loss of power or network functionality. Telrite maintains its own diesel-powered backup generator at their switching facility in Georgia. All systems within the facility are implemented on redundant servers, each with redundant data network and power.

Telrite Corporation d/b/a Life Wireless does not have facilities in any state other than Georgia. It relies on the facilities of the underlying carrier in each state it provides service to demonstrate its own ability to function in emergency situations.

When a number is identified by a 911 dispatch center as belonging to an underlying carrier, the officer would call the underlying carrier who can assist with tracing the distressed caller or other network information. In the event further customer proprietary network information (CPNI) is needed to reach the distressed 911 caller, the underlying carrier would then direct the officer to contact the reseller, Life Wireless. All underlying carriers that Telrite utilizes have the contact number on file for Telrite d/b/a Life Wireless' customer service department.

When customer service receives a call from a 911 dispatch center, the call will be forwarded to a supervisor. The supervisor will require proof of identity generally by fax or email. After the officer and request is verified as an emergency situation, the information is released immediately. If the "officer" cannot be identified, a subpoena or court order is required.
