Asim Z. Haque, Chairman  
Public Utilities Commission of Ohio  
180 East Broad Street  
Columbus, OH 43215

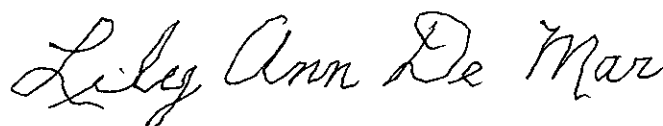

Dear Chairman Haque:

I am opposed to OPSB case number 16-0253-GA-BTV.

I urge you to search for a different route for the proposed 30 inch pipeline in a less densely populated area. It is a huge pipeline capable of serving four times the needs of the entire state of Ohio. Its proposed route would affect and endanger an undue large amount of Ohioans. Its construction will have devastating effects on the environment and on a large number of people—not the least of which is the anxiety of living in a “blast zone”.

Again, I urge you to search for a different route in a less populated, rural area; vote against OPSB 16-0253-GA-BTV.

Sincerely yours,

Lily Ann De Mar
