Dear Members of the Ohio Power Siting Board, 2016 JUN 24 PM 3:45

PUCO

I am a resident of Pleasant Ridge neighbourhood in Cincinnati. I am extremely concerned about Duke Energy's proposed natural gas pipeline through my community. According to the latest routes, the pipeline is going to be passing close to a very large number of residences, places of worship, and businesses. If there is an accident, the financial toll will be catastrophic, many lives may also be lost. Such pipelines should be routed through rural areas where the exposure to people is very limited. Please don't put an entire community at risk by approving this project.

Thank you,

Abhijeet Deshpande
