COMMENT DESCRIPTION:

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician Date Processed 6/28/16

Please stop the high pressure pipeline before it gets off the ground. No one wants to live by it because of the danger of a puncture. We need to be aware of worst case scenarios and that is the loss of human life. There is nothing man can build that is foolproof. Remember the Titanic.
