**REVIEW AND RECOMMENDATION
SUBMITTED ON BEHALF OF THE STAFF OF
THE PUBLIC UTILITIES COMMISSION OF OHIO**

On February 23, 2016, Paula Hensley filed an application for certification of a generation facility as an eligible renewable energy resource generating facility. On April 21, 2016, the application was suspended, pursuant to Ohio Adm.Code 4901:1-40-04(F), to allow additional time for the Applicant to provide a response to the Commission Staff data request. The Applicant filed additional information on May 16, 2016, in response to the Commission Staff data request.

Staff has completed its review of the application and any supplemental information filed by the Applicant. Staff has determined that the proposed facility appears to satisfy the Commission's requirements for certification of the facility as a renewable energy facility. As such, Staff recommends that the Commission grant certification of this facility.
