I'm writing to express my concerns regarding the pipeline installation in Blue Ash. I don't like that it is running through residential areas. It's too close to homes, schools, parks, and other recreational areas. I'm also not happy about the number of trees and wild life that will be disturbed.

I know there is another way for this to happen other than routing it through our community's. Please do not allow this to happen.

Thank you,

Polly Smith
