Re: #16-0253-GABTX JUN 2016 PM 6 L

People, synagogues,  
churches, schools, businesses -  
all more important than  
a 30" pipeline.

Say No! Say no to the  
pink, the green, and the  
orange!

Sincerely,  
Rebecca Brown

Duke Energy wants to run a massive, high-pressure natural gas pipeline directly through densely-populated neighborhoods, schools, hospitals, day care centers, and places of worship in the Cincinnati area. This is an unprecedented project and a massive safety hazard--an explosion could kill or injure thousands of residents within the pipeline's path--and yet Duke is undeterred and will effectively be allowed to regulate itself.

Please step up and protect the people who've voted for you. Demand that high-pressure gas transmission lines remain clear of densely-populated areas. Enact stronger safety protections around the inspection and placement of these pipelines. Say NO to the Central Corridor Gas Pipeline Extension Project (OPSB case number 16-0253-GABTX).
